Neste livro, um urso avista um bolo. Ele parece muito apetitoso. Mas, puxa, está bem lá no alto... Como o urso vai conseguir pegá-lo? Um livro para crianças bem pequenas em que se mostra o quanto é bom poder contar com a ajuda dos amigos e de acontecimentos inesperados.

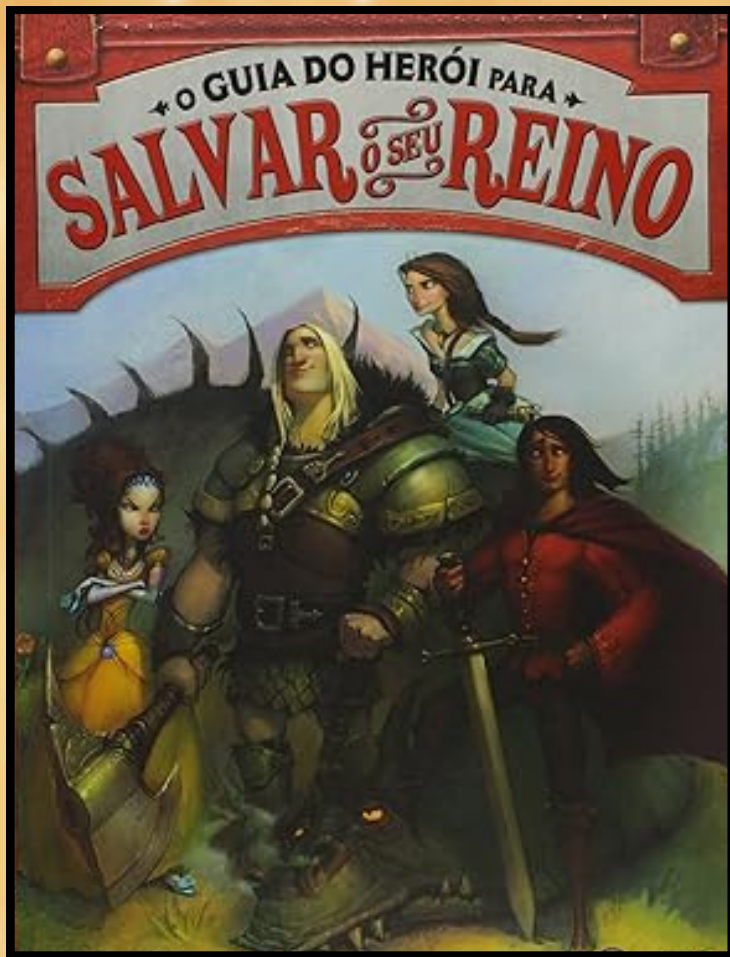

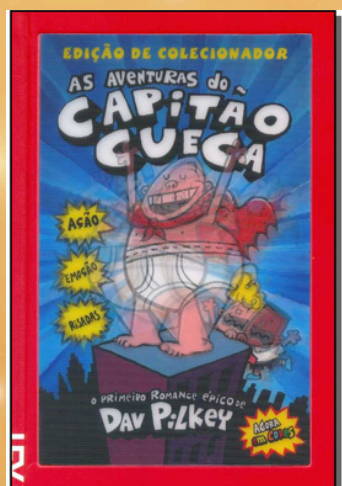

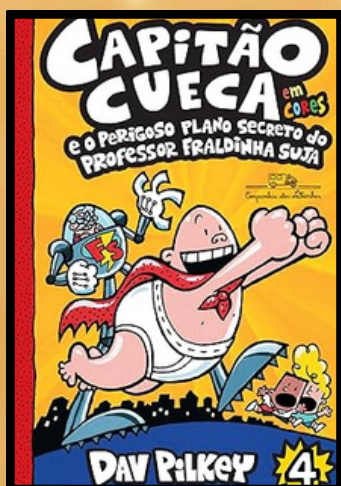

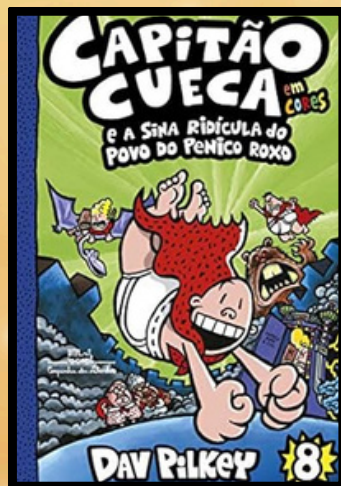

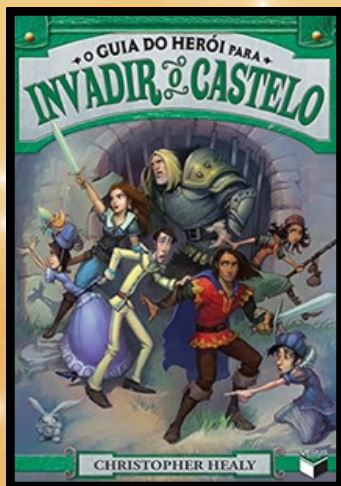

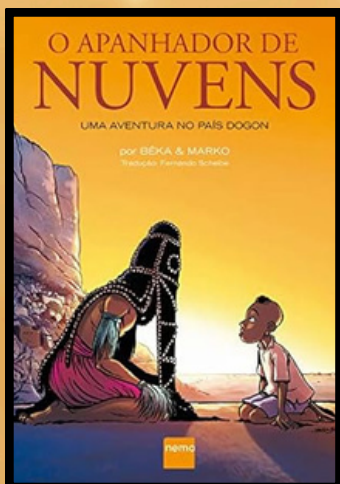

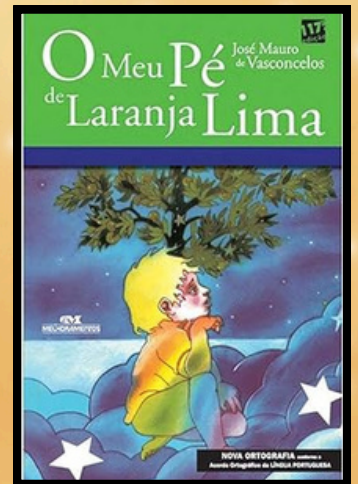

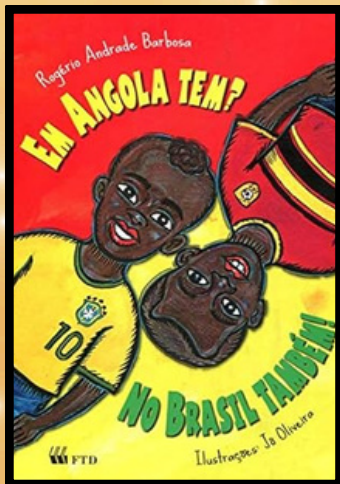

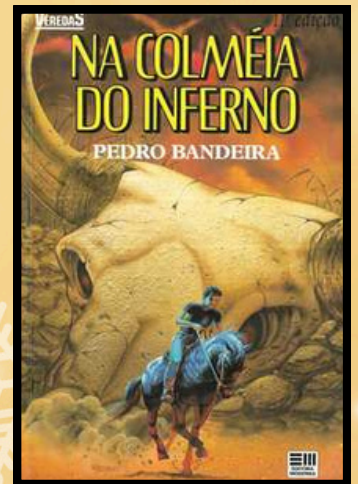

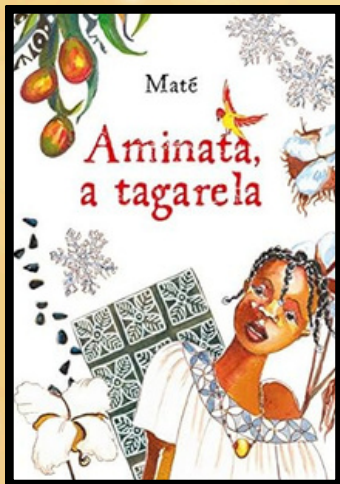

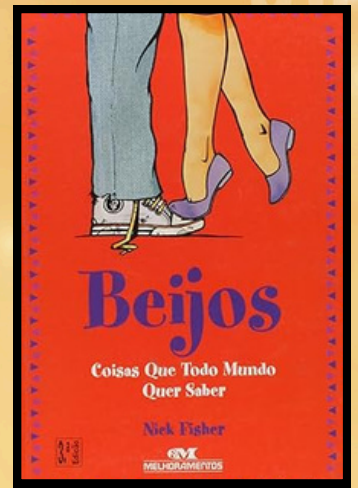

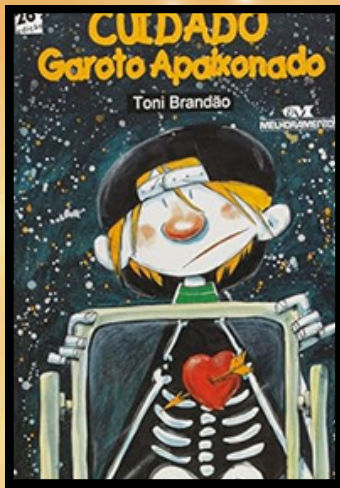

Gildo é muito corajoso. Ele gosta de montanha-russa, de avião, de filme de terror e de cantar em público. Mas como quase todo mundo, existe uma coisa que o deixa apavorado... Sempre na noite anterior a alguma festinha de aniversário de um amigo, ele não consegue pregar os olhos, por que será?

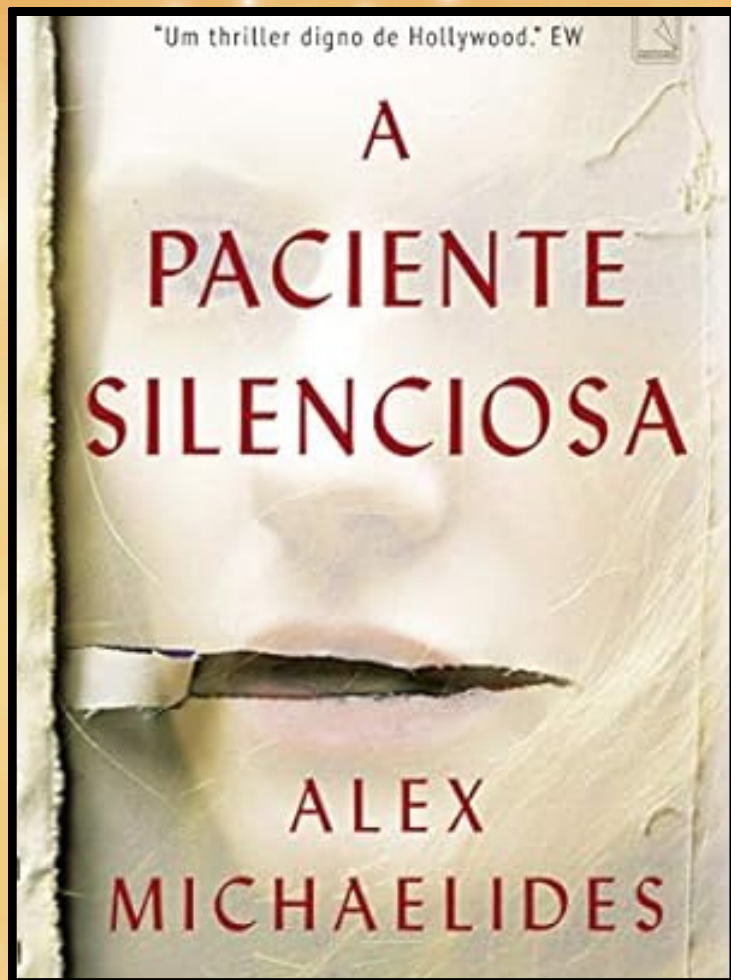

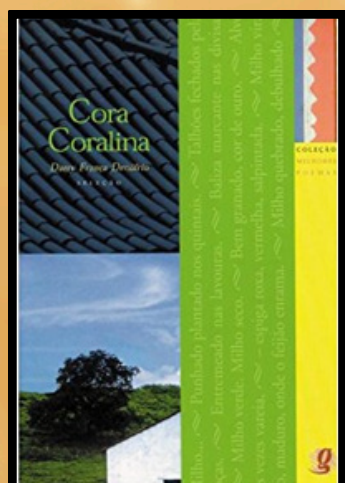

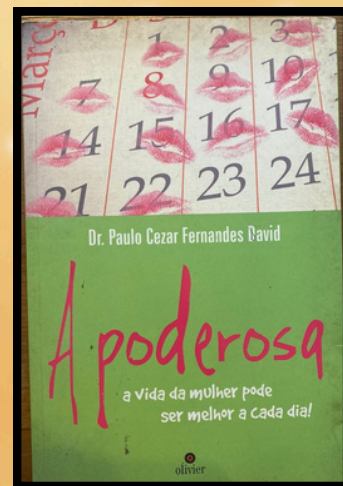

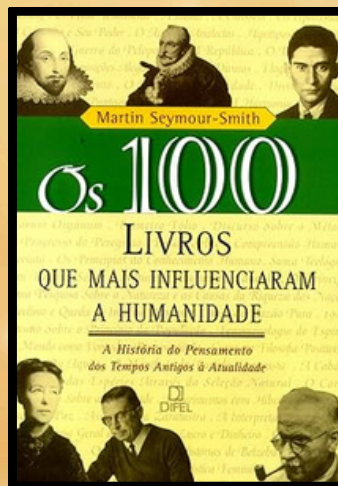

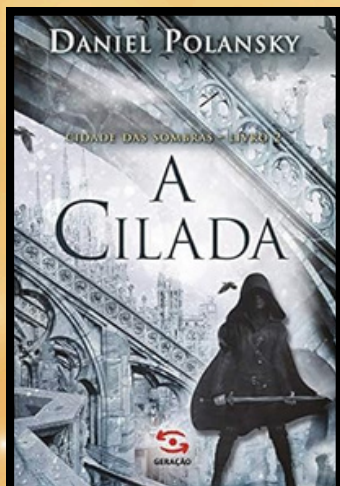

Príncipe Liam. Príncipe Frederico. Príncipe Duncan. Príncipe Gustavo. Você nunca ouviu falar deles, certo? Estes são os príncipes que salvaram a Bela Adormecida, a Cinderela, a Branca de Neve e a Rapunzel, e, mesmo assim, graças aos bardos preguiçosos que escreveram os contos, você provavelmente só os conhece como "Príncipe Encantado". Isso está prestes a mudar. Rejeitados pelas princesas e expulsos de seus castelos, Liam, Frederico, Duncan e Gustavo se deparam com uma trama diabólica que pode colocar seus reinos em perigo. Agora, cabe a eles vencer todos os obstáculos, derrotar trolls, bandidos, dragões, bruxas e outros perigos para se tornar os heróis que ninguém imaginou que eles poderiam ser. Em O guia do herói para salvar o seu reino (Verus Editora), primeiro volume da saga O guia do herói, Christopher Healy nos conduz por uma jornada com quatro príncipes imperfeitos e suas princesas improváveis, em um mundo onde nada é o que parece ser — nem mesmo nossos clássicos contos de fadas.

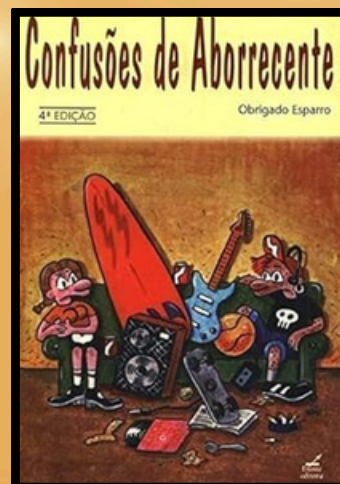

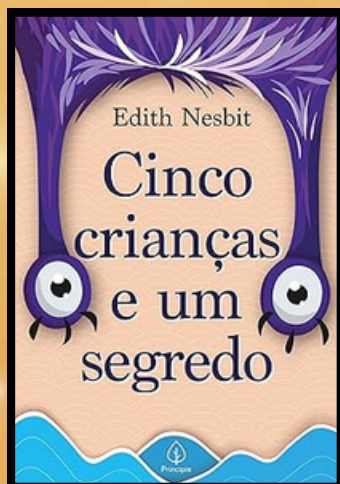

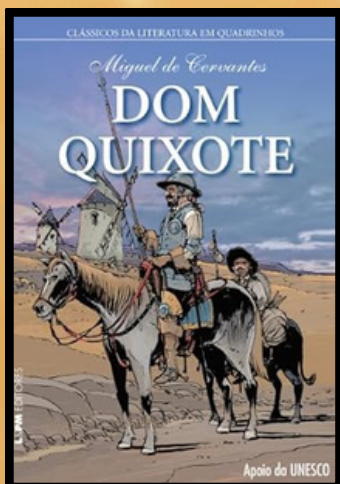

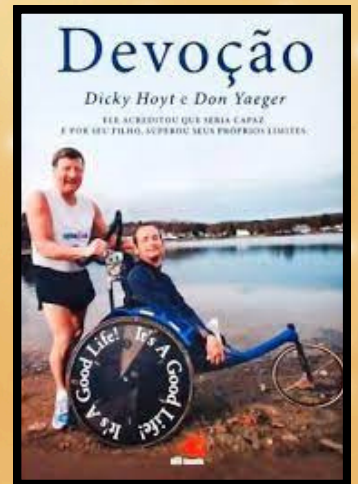

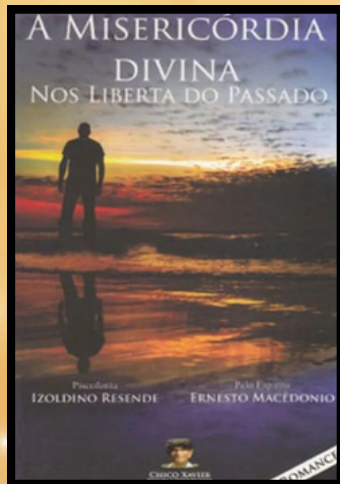

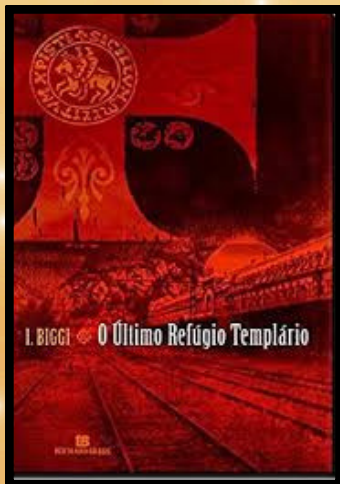

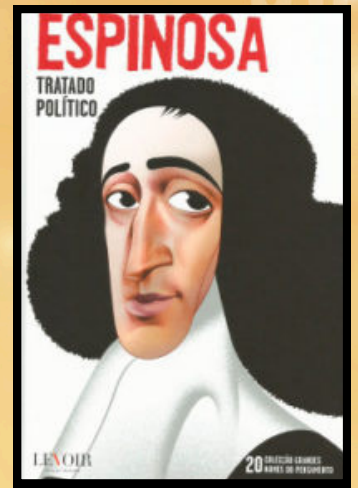

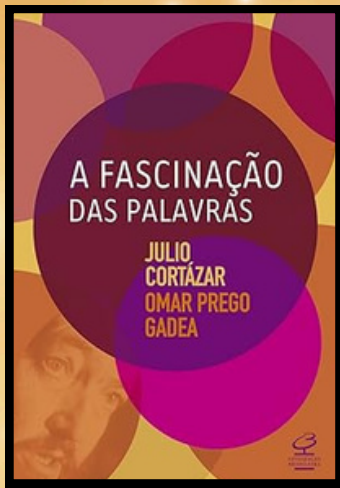

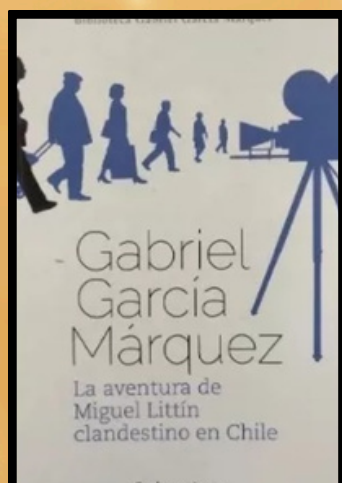

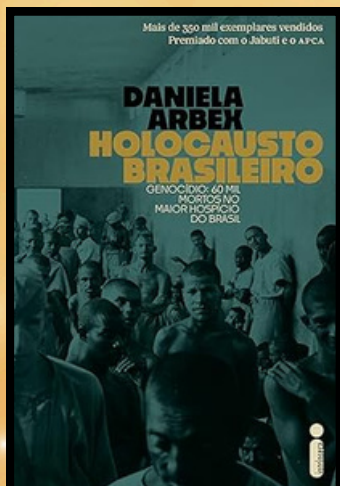

Após cometer o assassinato de seu marido, uma mulher se recusa a falar qualquer coisa, deixando suspeitas e mistérios não resolvidos sobre o caso. E o terapeuta Theo Faber está obcecado em descobrir o motivo da violência e do silêncio. Só ela sabe o que aconteceu. Só ele pode fazê-la falar. A paciente silenciosa é um daqueles livros que não saem da cabeça do leitor, quer ele queira, quer não.

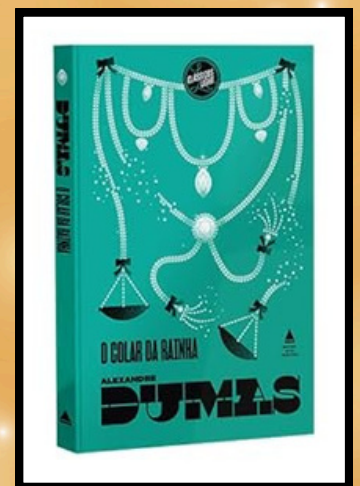

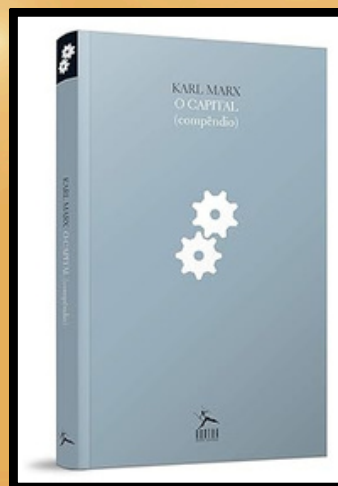

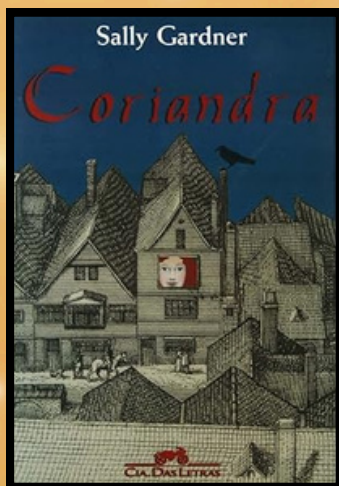

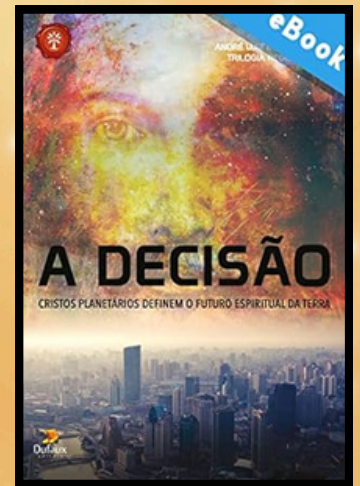

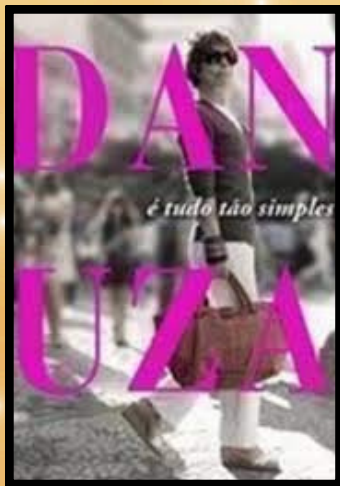

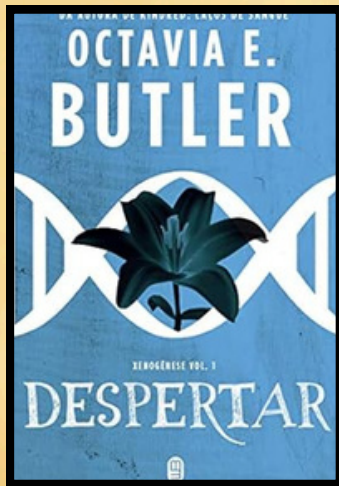

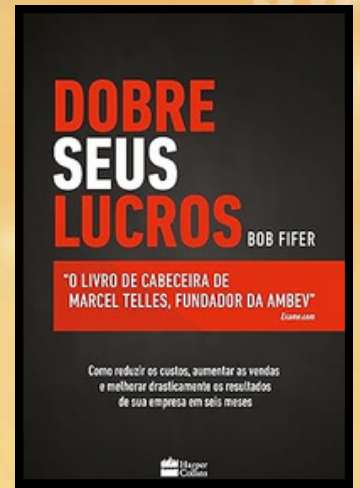

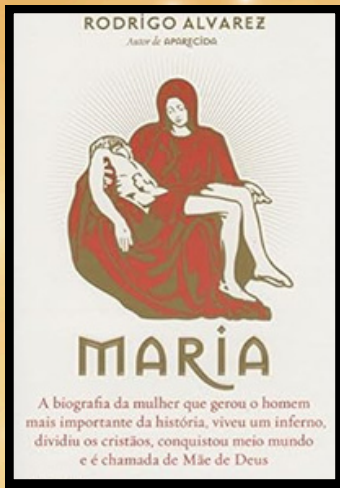

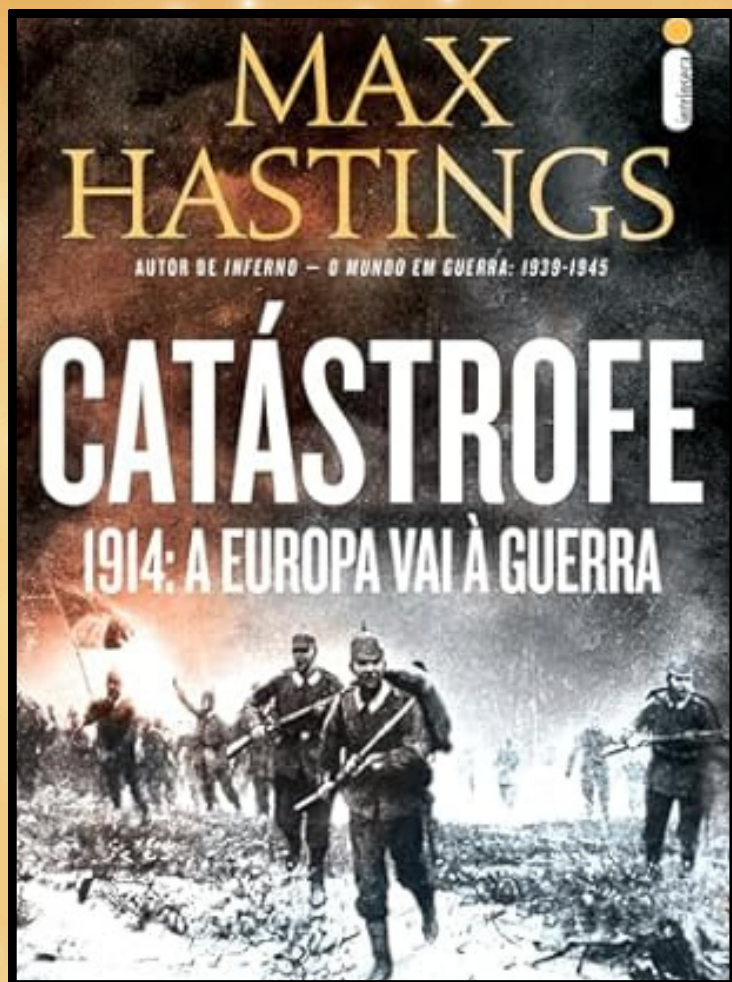

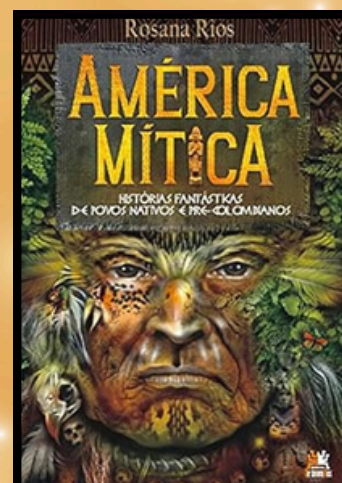

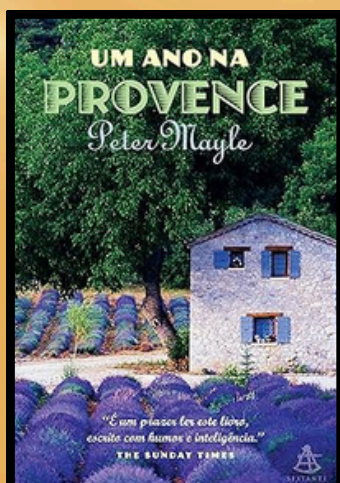

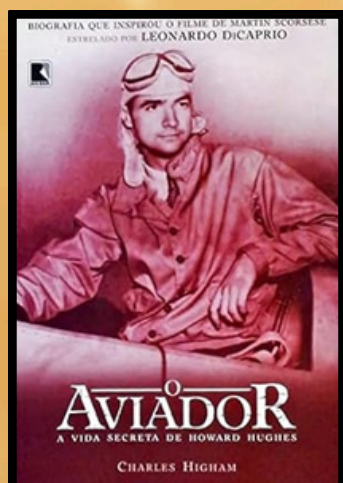

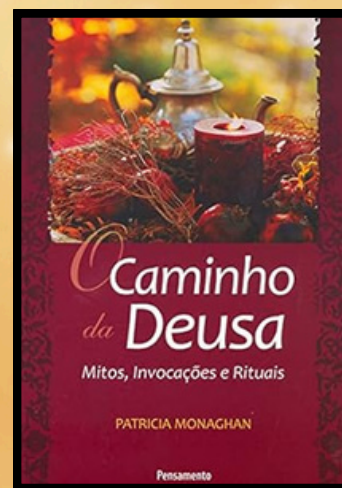

Quando Louisa e Nancy descobrem que Florence foi assassinada em um trem em plena luz do dia, ficam obcecadas com a história. Movidas pela curiosidade, elas descobrem algumas pistas que podem desvendar o mistério, mas também envolvem-se nos crimes de um assassino que fará de tudo para esconder seu segredo

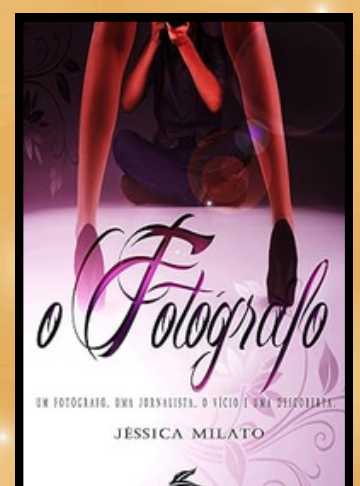

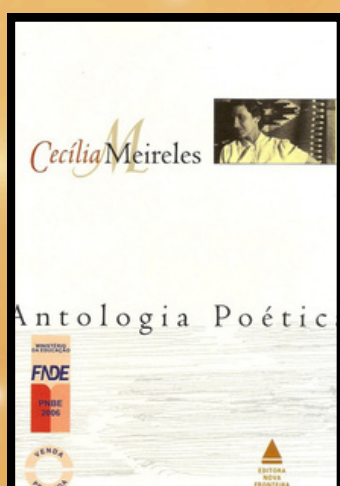

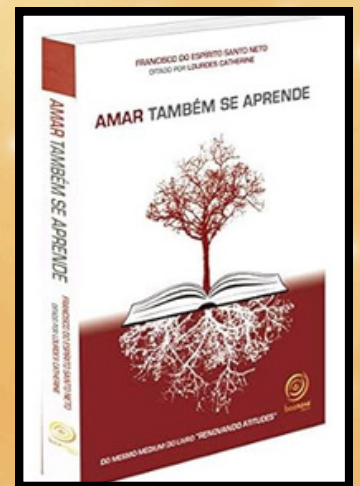

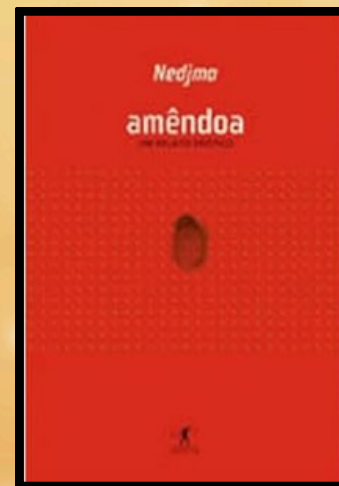

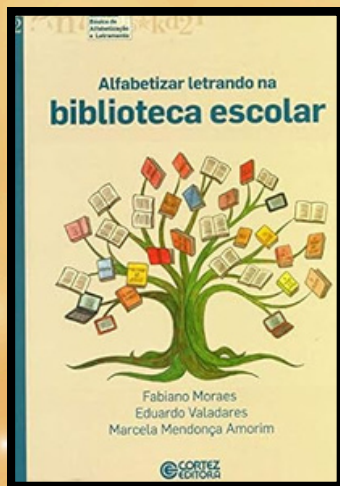

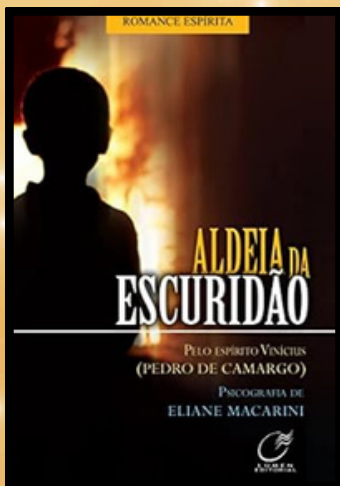

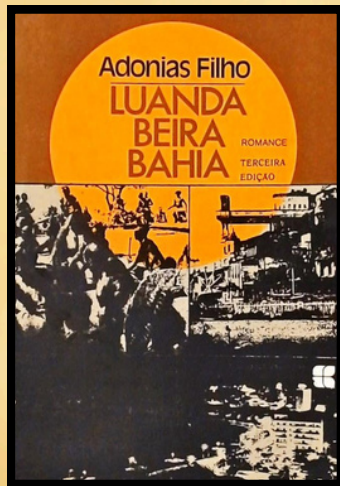

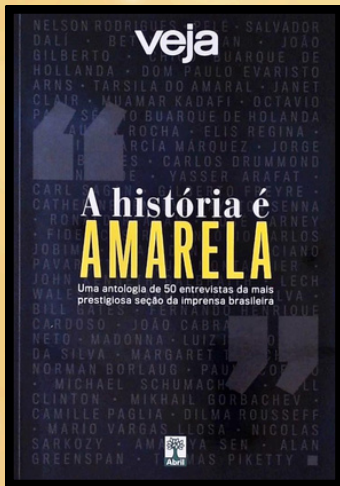

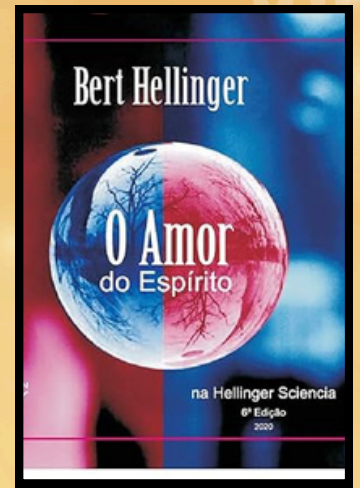

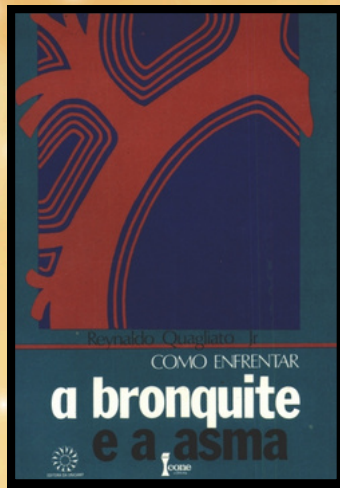

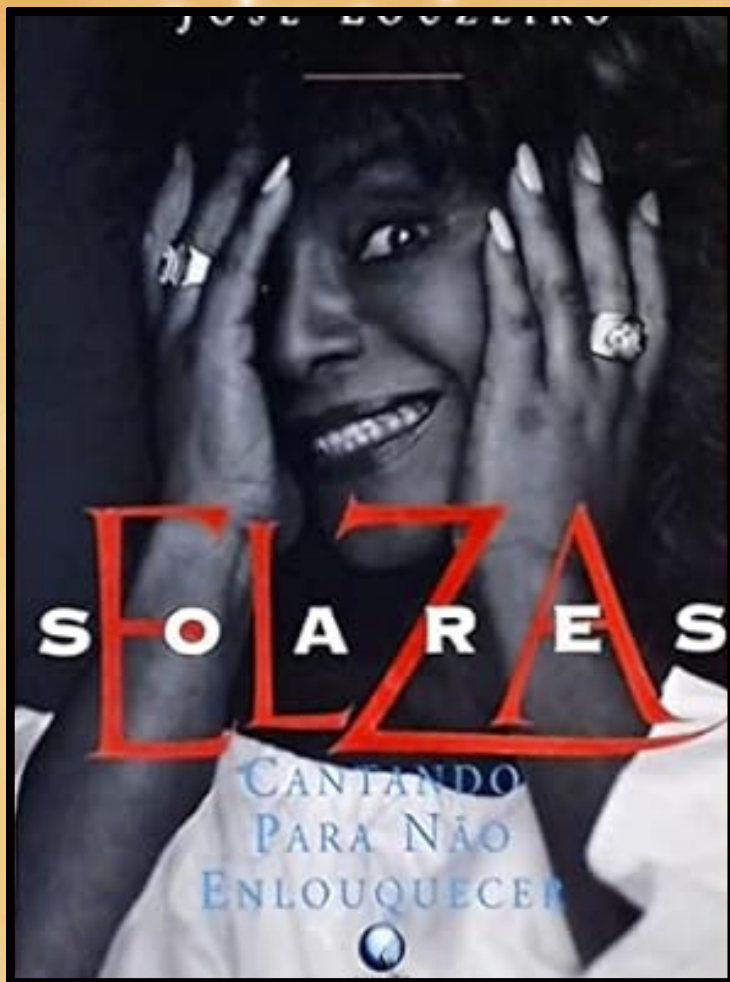

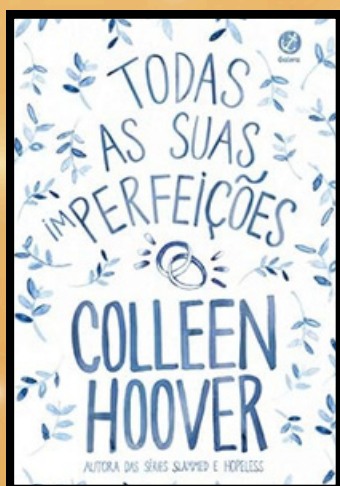

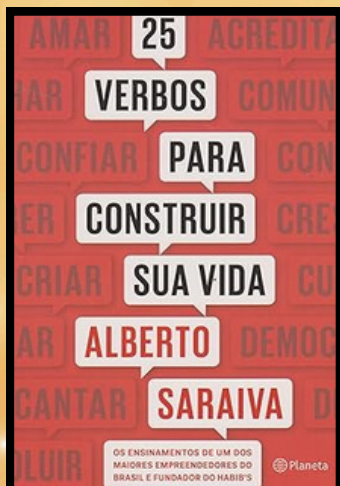

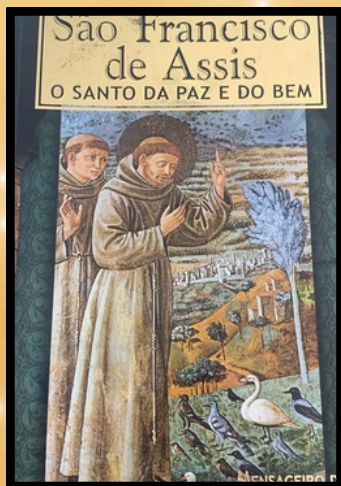

Em Catástrofe - 1914: a Europa vai à guerra, Hastings relata como, após o assassinato do arquiduque Franz Ferdinand, as relações diplomáticas se degeneraram e os países europeus lançaram-se numa calamidade que deixaria um saldo de milhões de mortos. Com estilo característico, o autor explora detalhes da realidade da guerra pelos olhos de estadistas, aristocratas, soldados e camponeses, oferecendo uma análise brilhante das decisões de líderes políticos e militares e pintando um retrato vívido do começo do conflito.

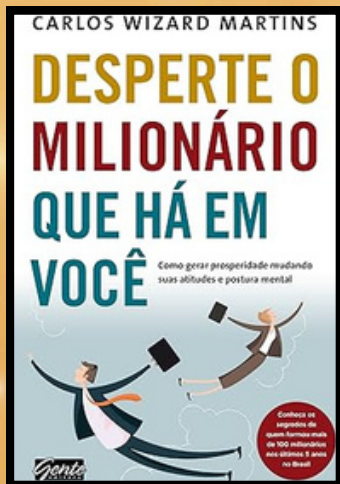

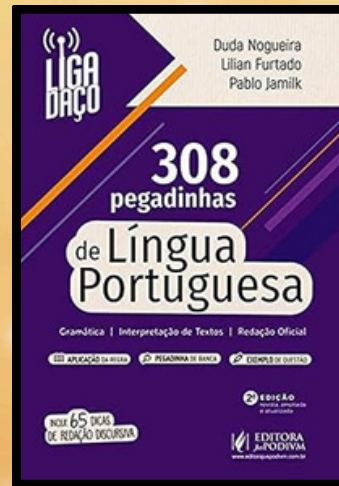

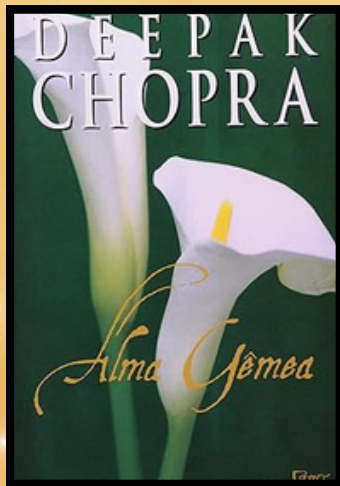

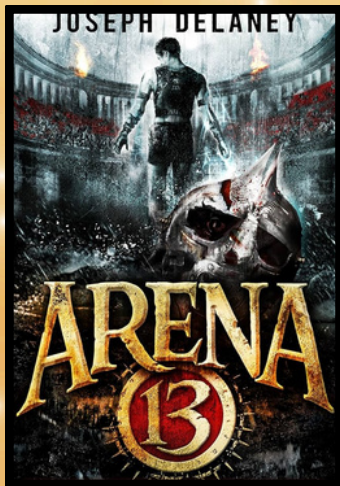

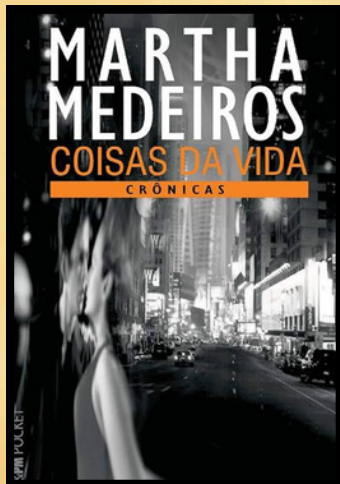

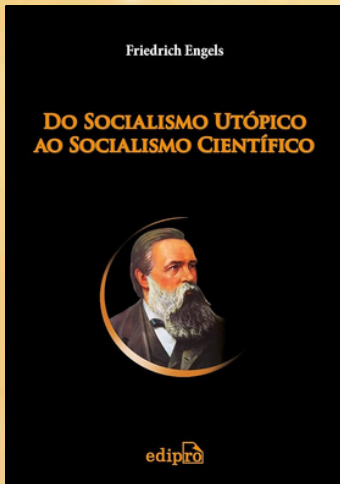

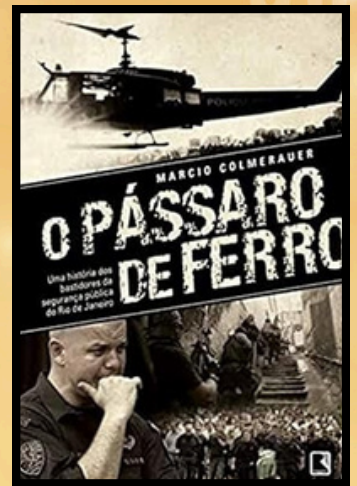

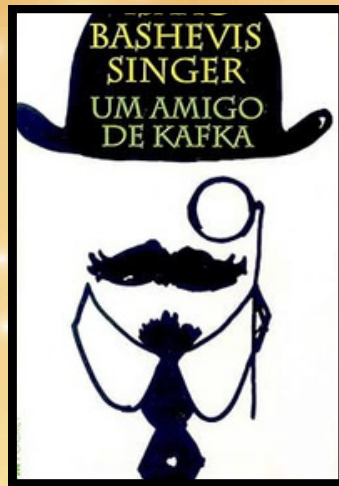

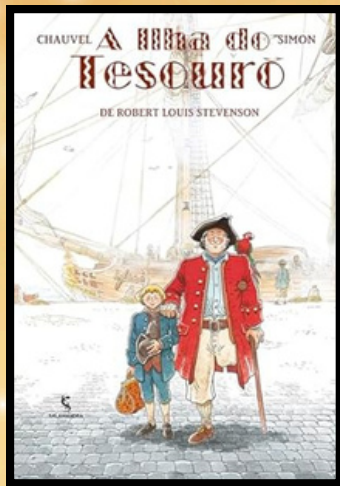

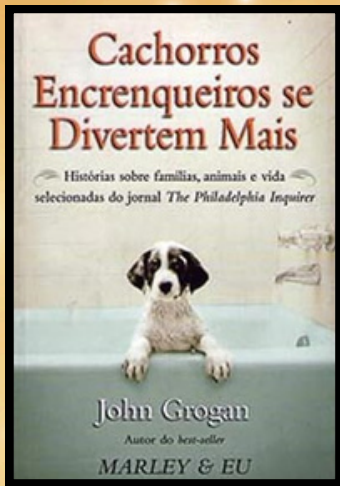

Do planeta Fome ao estrelato, Elza Soares é uma das personalidades mais importantes das artes e da música universais. A cantora de voz única deixou um legado de mais de seis décadas de canções interpretadas com a alma e a história de uma mulher negra e brasileira.

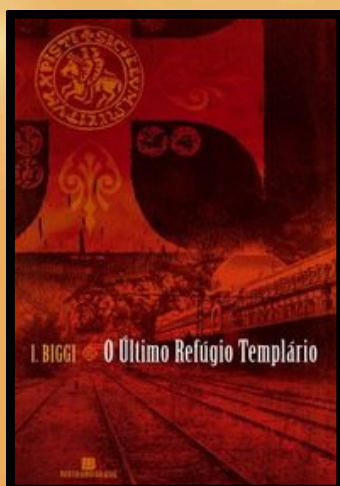

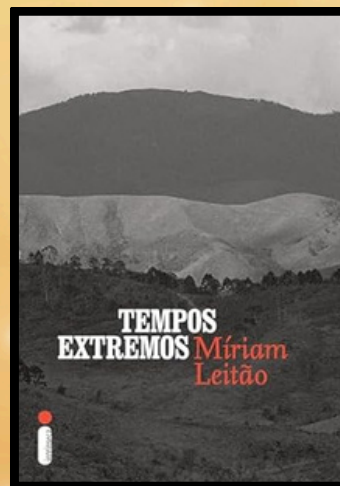

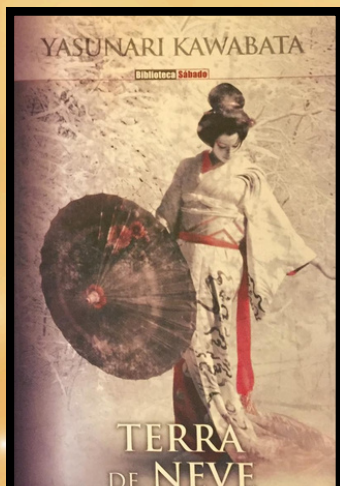

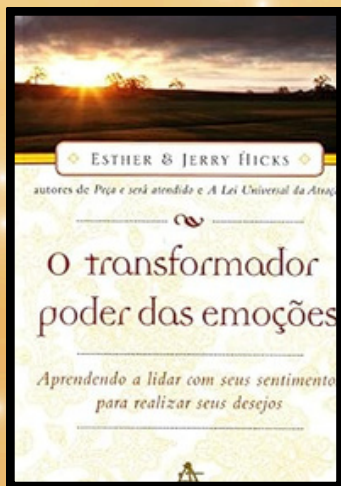

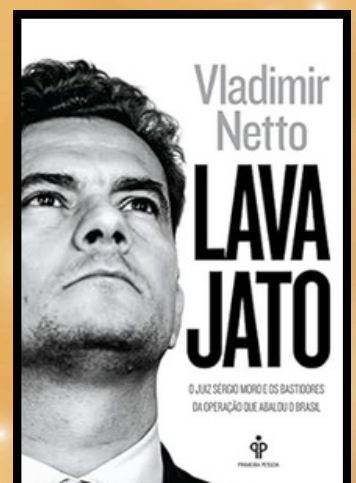

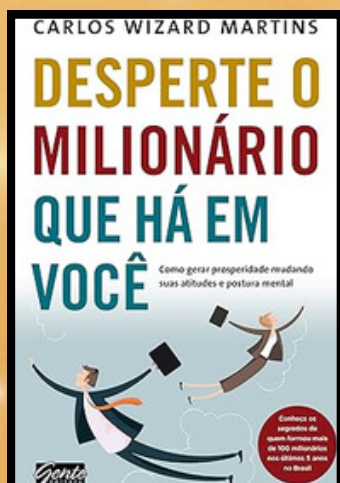

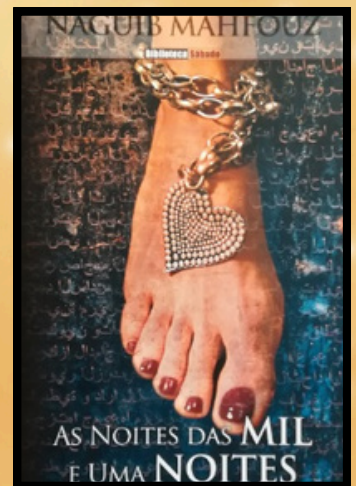

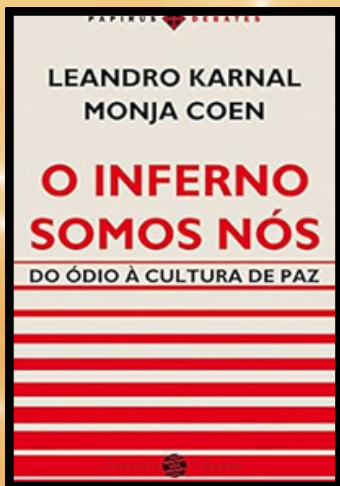

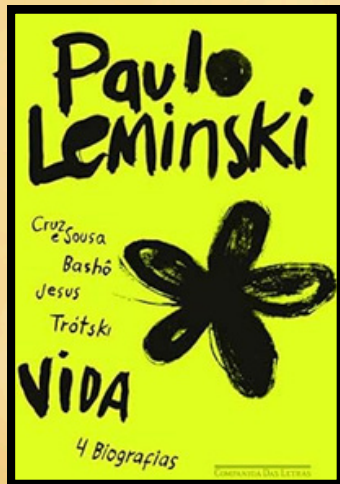

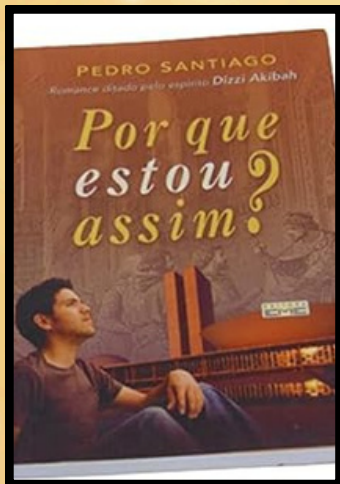

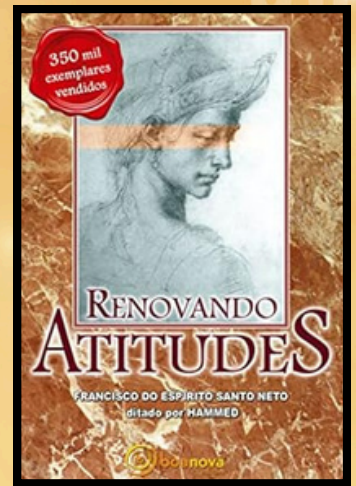

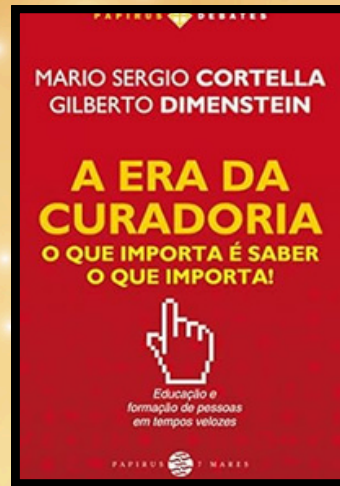

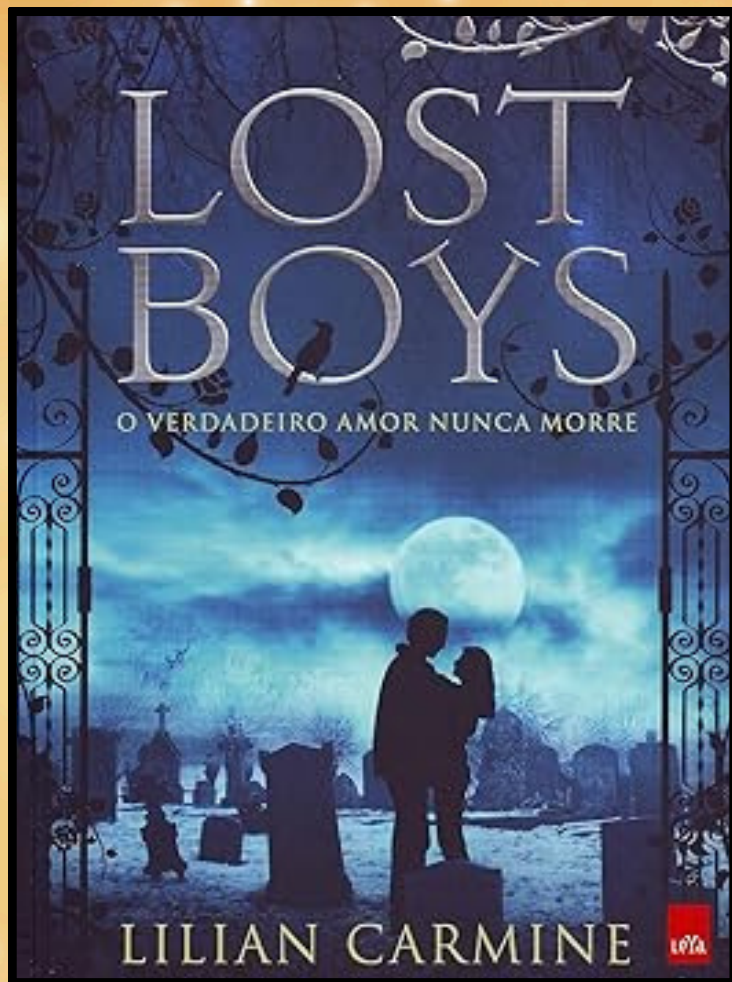

A mágica da arrumação se tornou um fenômeno mundial por apresentar uma abordagem inovadora para acabar de vez com a bagunça. Aos 30 anos, a japonesa Marie Kondo virou celebridade internacional, uma espécie de guru quando o assunto é organização.

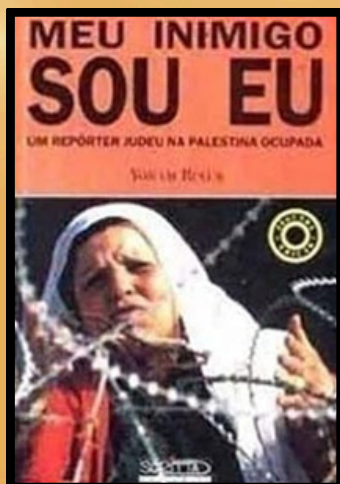

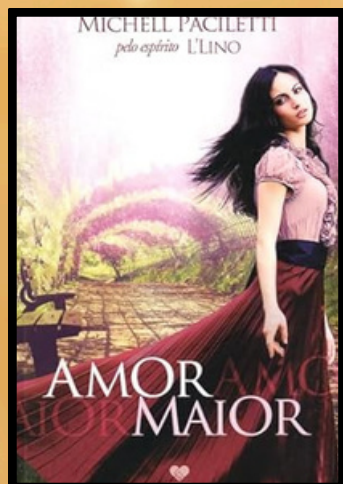

Seu método é simples, porém transformador. Em vez de basear-se em critérios vagos, como "jogue fora tudo o que você não usa há um ano", ele é fundamentado no sentimento da pessoa por cada objeto que possui.

O DESTINO OS APROXIMOU. MAS PODERÁ TAMBÉM OS SEPARAR? Joey Gray acaba de se mudar para uma pequena e estranha cidade, e está se sentindo um pouco perdida. Até encontrar um garoto misterioso e encantador bem próximo de sua casa. Mas Joey mal suspeita que Tristan Halloway tem um bom motivo para estar sempre vagando pelo cemitério da cidade... Perfeito para fãs de Stephenie Meyer e Lauren Kate, Lost Boys é uma história romântica e mágica entre uma garota e um fantasma.
