O Menino Maluquinho é tão conhecido e querido pelas crianças que até mesmo os meninos e as meninas que ainda não sabem ler se interessam por suas histórias. Meu primeiro Maluquinho em quadrinhos foi pensado justamente para estes novos leitores! O livro reúne aventuras inéditas e superdivertidas da Turma do Maluquinho. Os quadrinhos quase não têm palavras, só no final de cada história há um balão com uma frase. E não é necessário saber ler essa frase para entender a HQ. O balão apenas acrescenta um toque de humor. Como o próprio Ziraldo diz na apresentação do livro, “ler não é somente juntar letrinhas, fazer bêabá. É também juntar ideias, uma ao lado da outra, e compreender o sentido completo do que se vê – ou do que está escrito”.

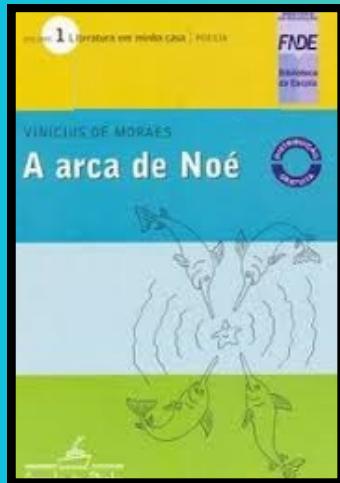

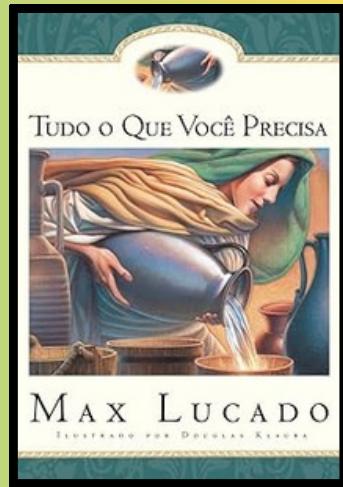

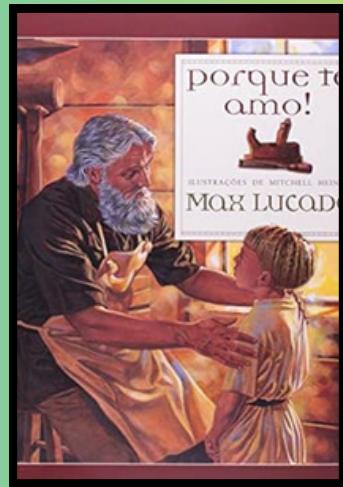

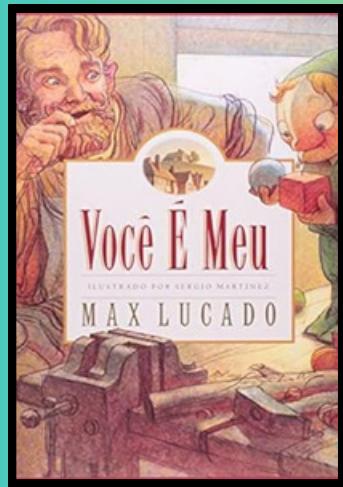

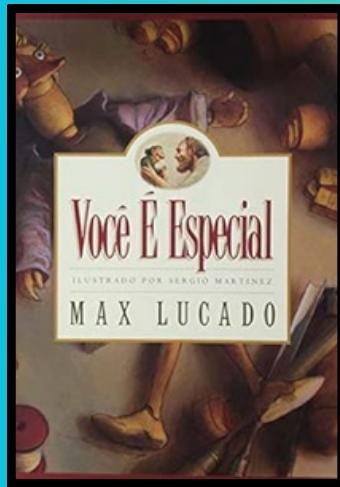

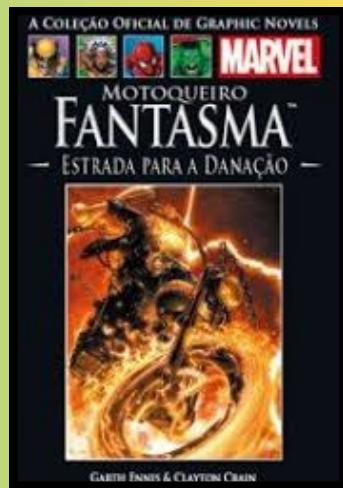

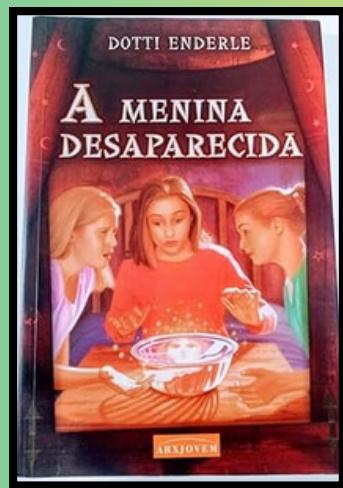

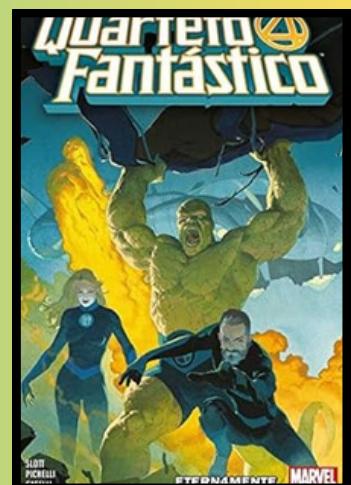

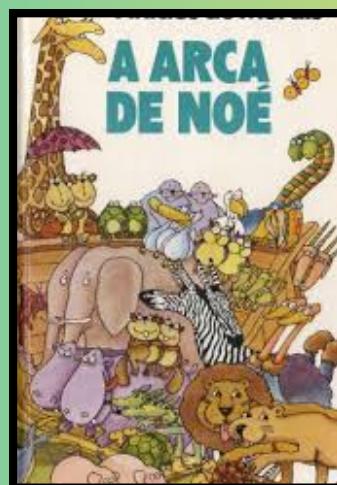

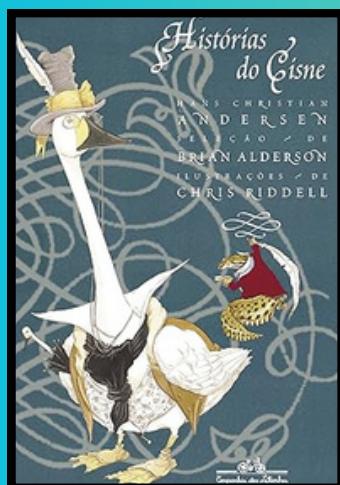

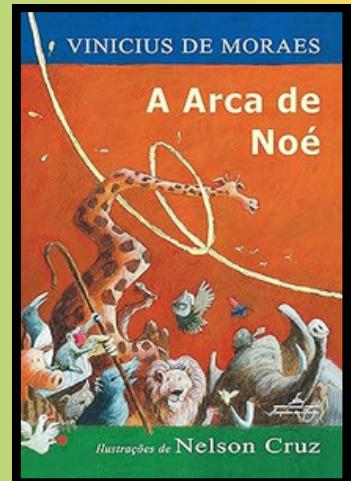

Em "Animais Fantásticos e Onde Habitam", o magizoologista Newt Scamander chega a Nova York em 1926 com uma maleta mágica cheia de criaturas fantásticas. Quando accidentalmente alguns de seus animais escapam, Newt precisa capturá-los antes que exponham o mundo bruxo aos trouxas (não-mágicos) e causem destruição. A situação se complica, pois um fenômeno misterioso ameaça expor a comunidade bruxa.

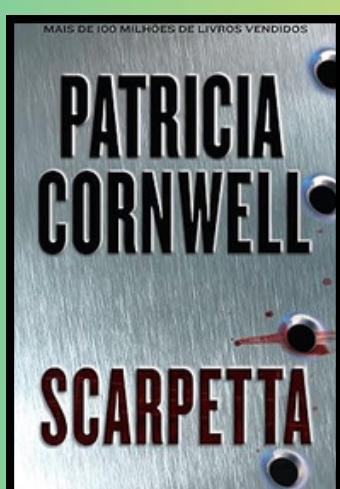

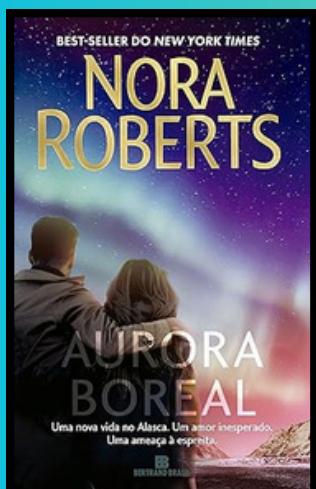

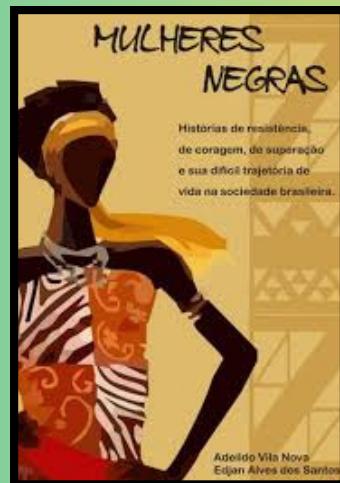

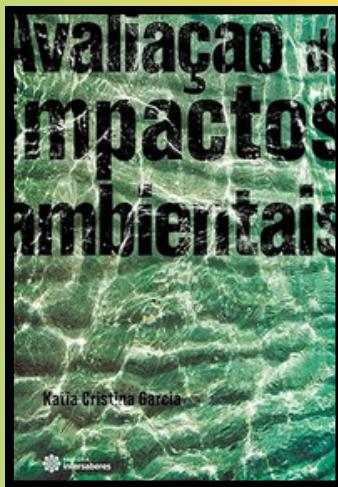

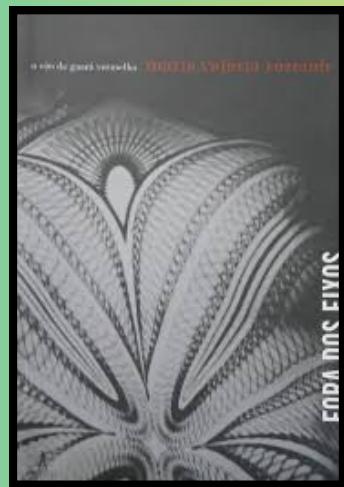

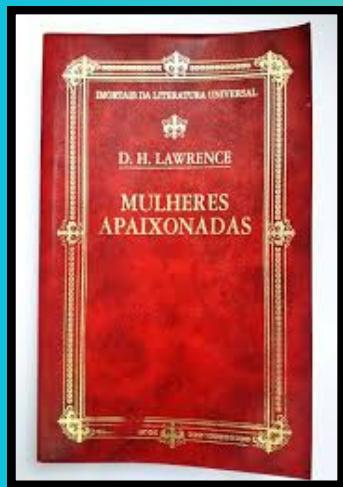

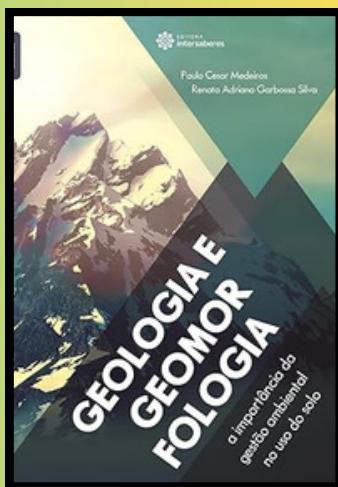

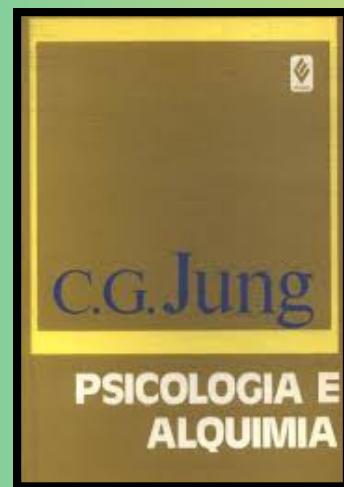

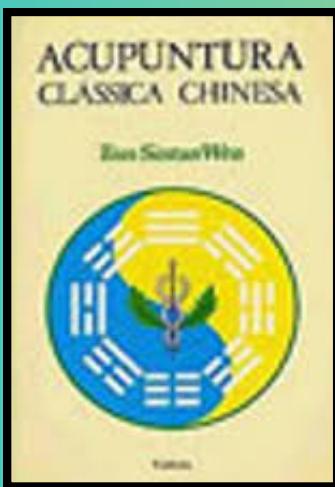

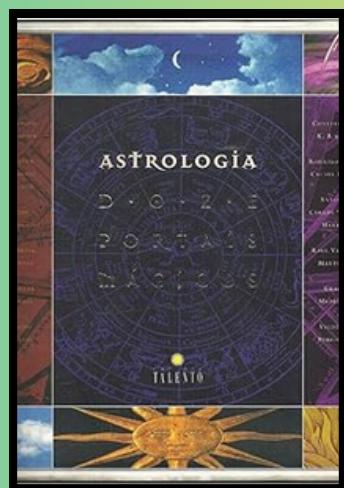

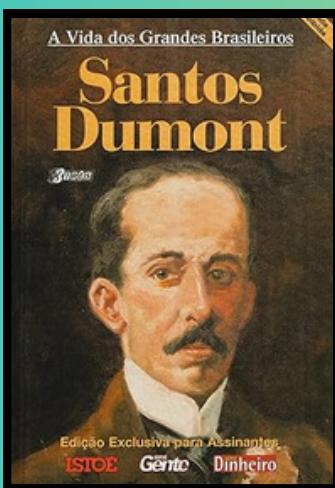

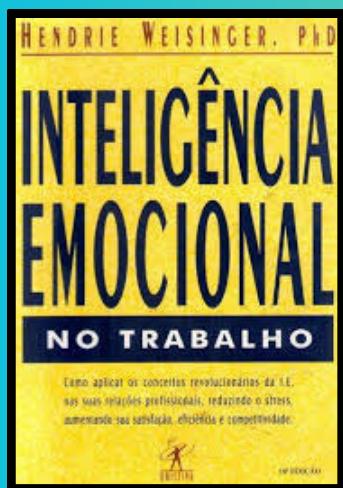

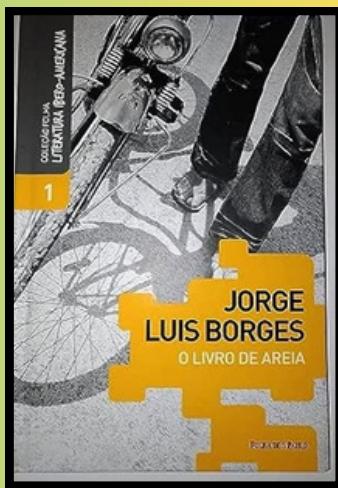

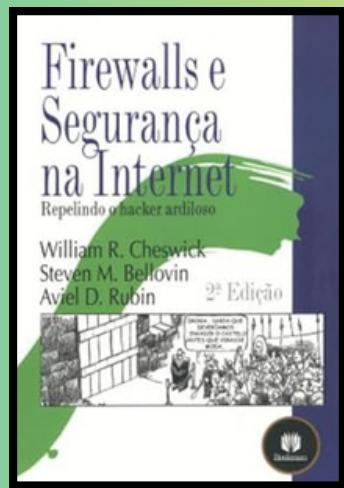

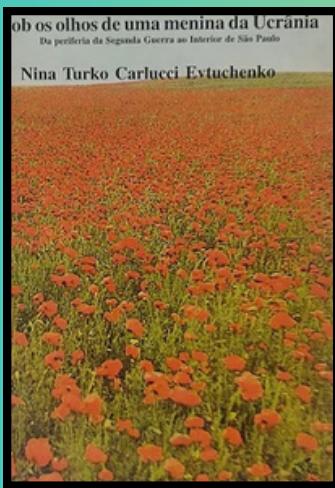

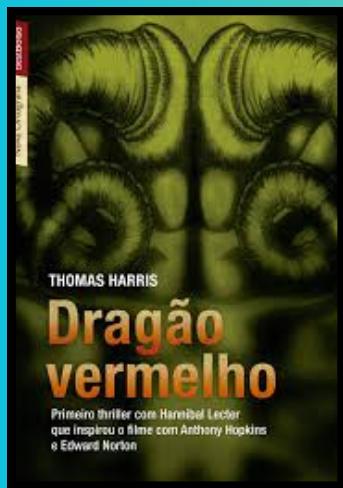

Lara Jean Song Covey guarda cinco cartas secretas que escreveu para garotos que já amou, sem nunca enviá-las. A vida dela vira de cabeça para baixo quando as cartas são misteriosamente enviadas aos destinatários, forçando-a a confrontar seus sentimentos e a fingir um namoro com o popular Peter Kavinsky para despistar outro garoto. A trama explora como ela lida com as consequências e se esse relacionamento falso florescerá de verdade.

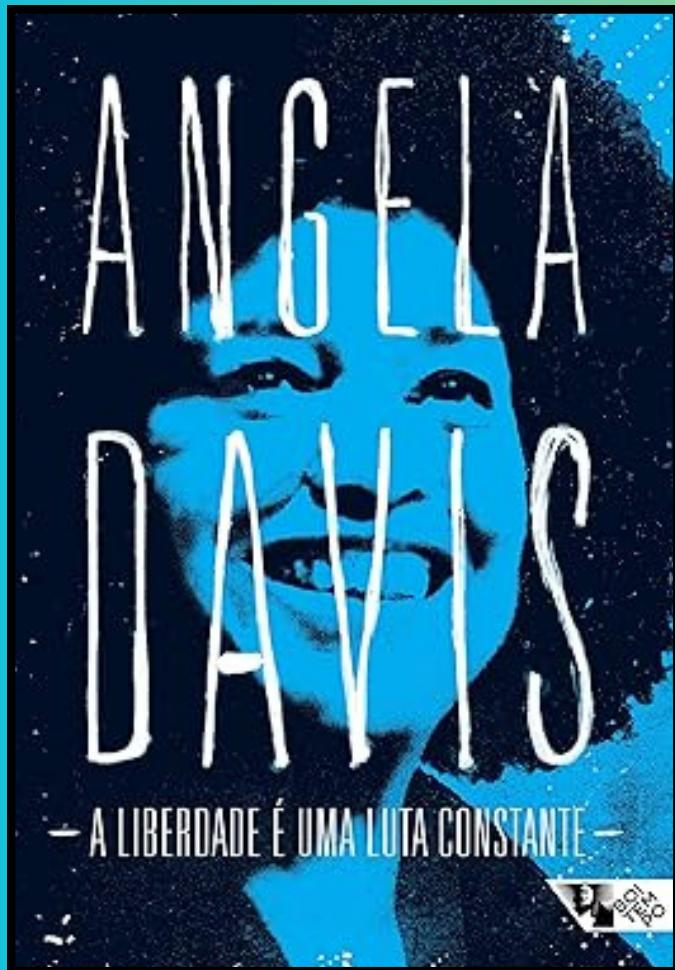

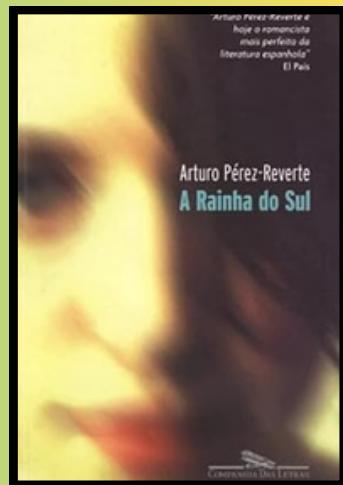

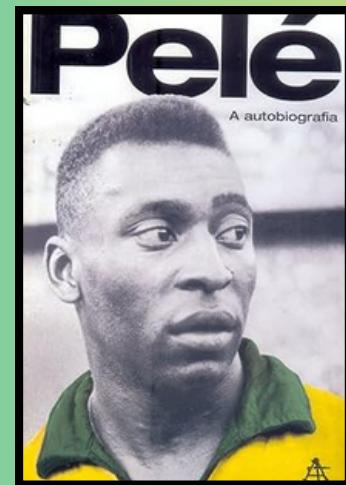

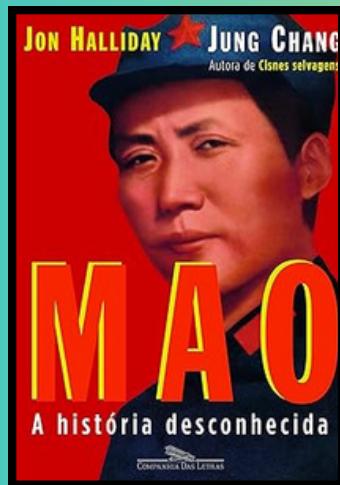

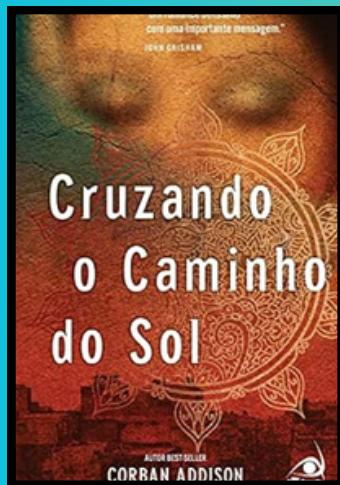

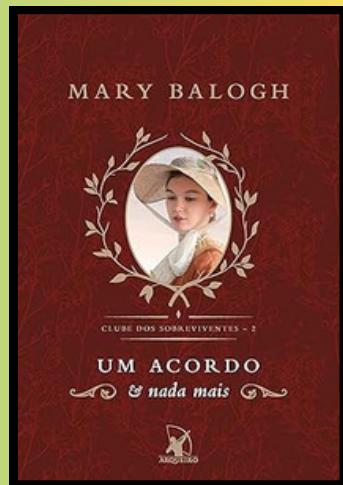

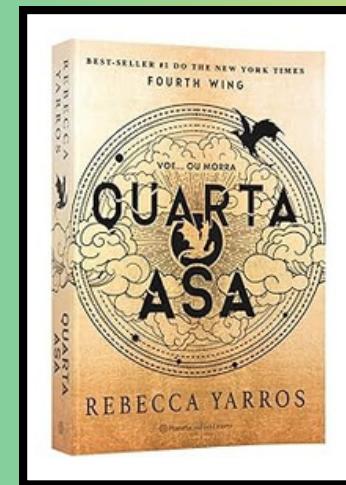

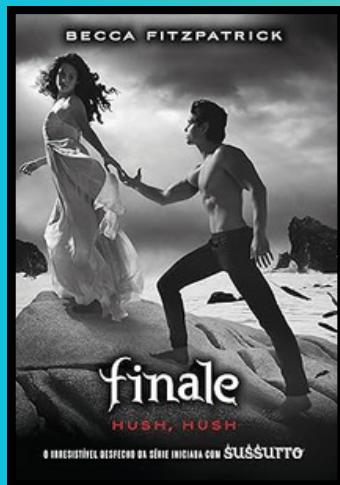

Segue a neurocientista Bee Königswasser, que se vê obrigada a liderar um projeto da NASA com seu arqui-inimigo, Levi Ward. Apesar da rivalidade inicial, Bee começa a questionar a fachada de Levi quando ele começa a apoiá-la, e os dois navegam desafios profissionais e sentimentos inesperados, enquanto ela também mantém uma conta anônima no Twitter para desabafar sobre questões femininas na ciência

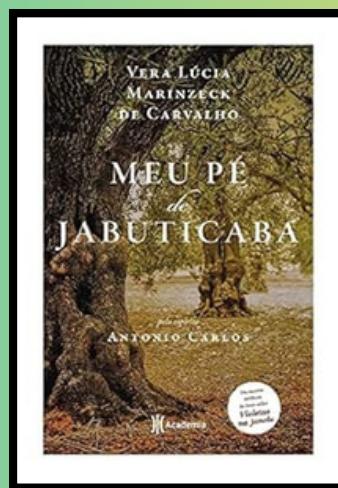

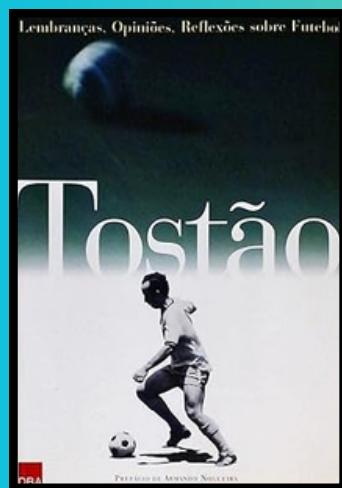

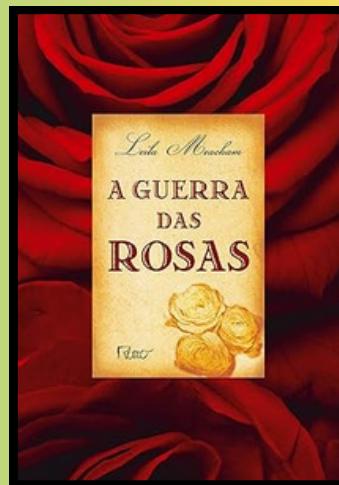

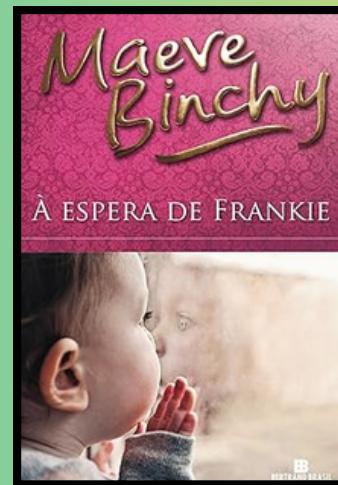

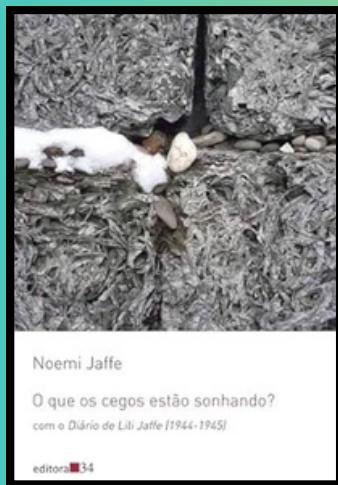

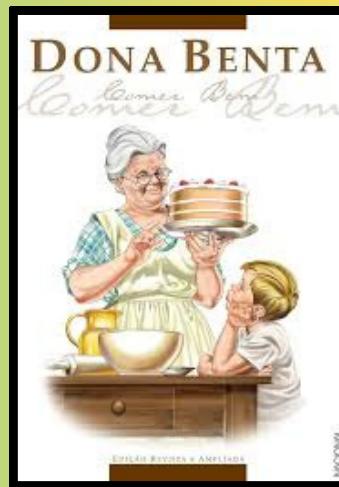

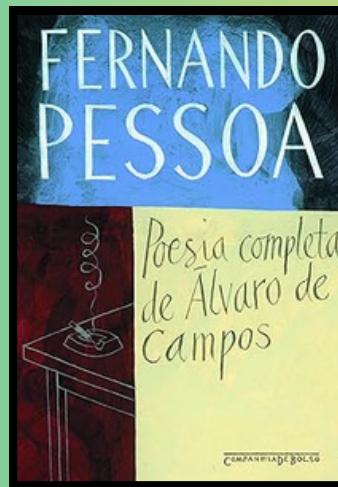

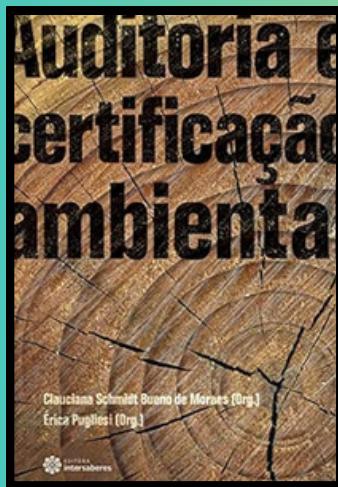

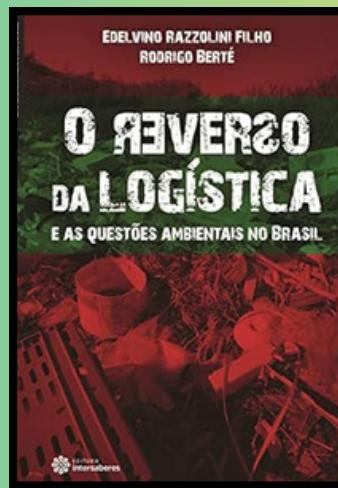

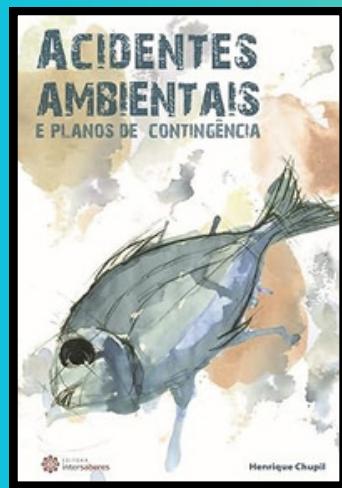

É uma coletânea de textos (entrevistas e discursos) de Angela Davis, organizada por Frank Barat, que reúne suas reflexões sobre as lutas por justiça social entre 2013 e 2015. O livro aborda temas como racismo, sexismo, feminismo e violência de Estado, conectando essas questões com um panorama de lutas globais e a busca por uma democracia mais inclusiva e real.

BIBLIOTECA MARTINICO PRADO

R. Praça Doutor Narciso Gomes, s/n - Centro,
Araras - SP, 13600-695.
