Na casa de Felipe e Gabi, todos os dias, o pai ou a mãe preparam o jantar e depois um dos dois conta histórias para os filhos dormirem. Mas, um dia, os pais chegam exaustos do trabalho e mandam as crianças para a cama. Felipe, então, tem uma ideia: naquela noite, serão eles que contarão histórias para os pais adormecerem.

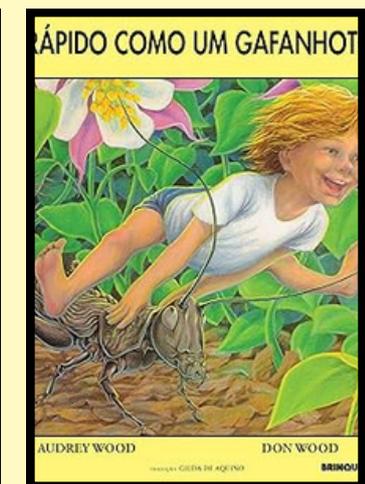

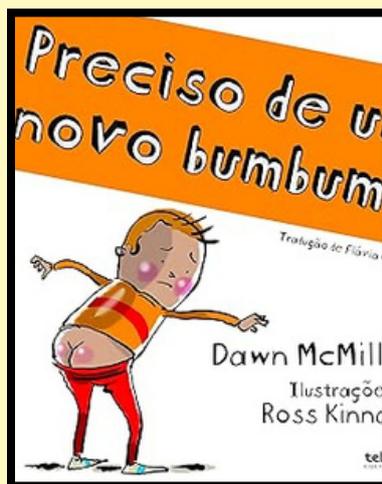

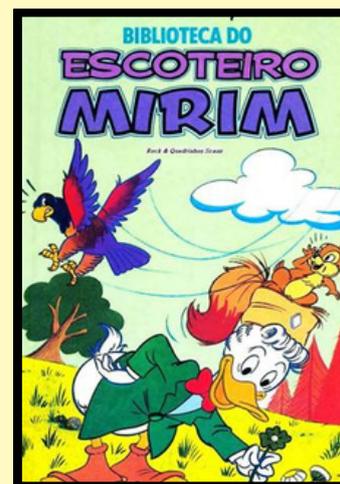

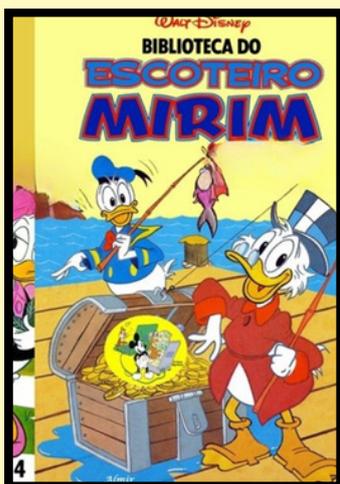

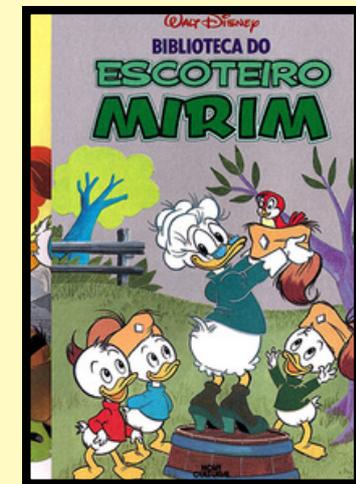

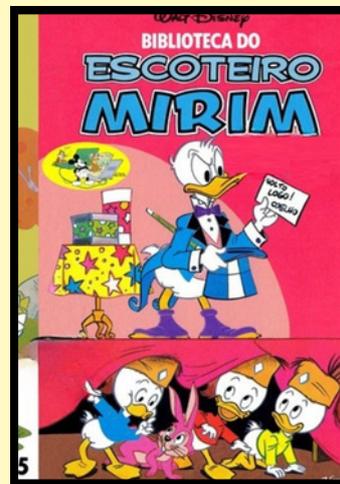

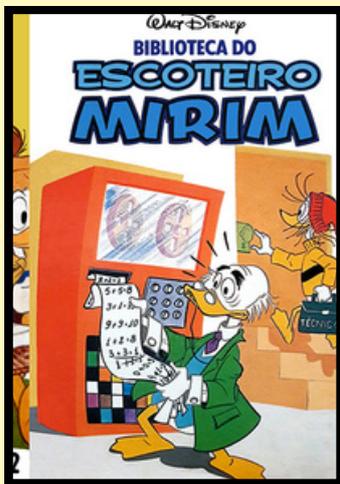

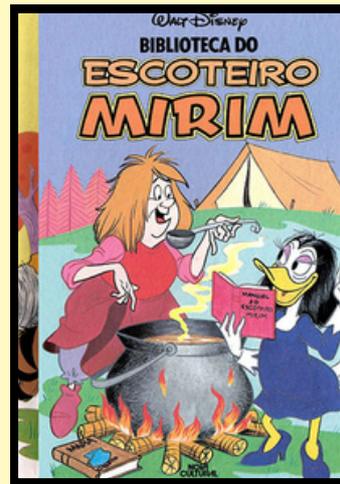

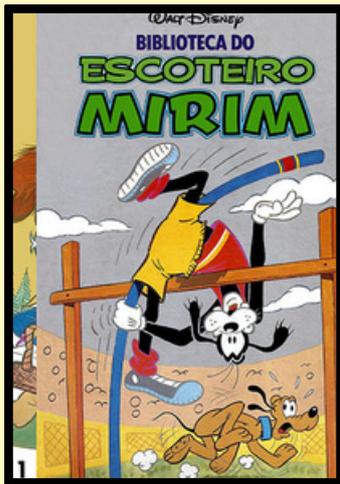

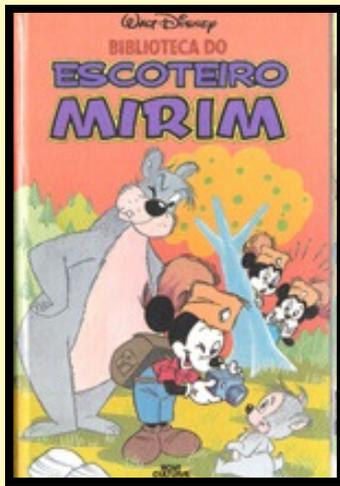

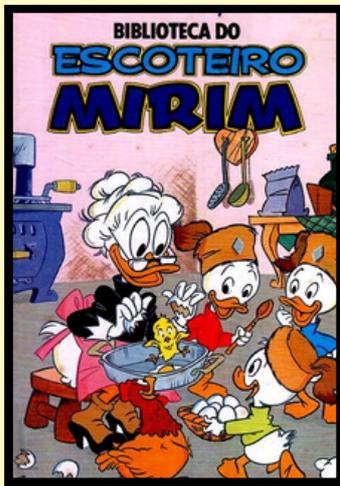

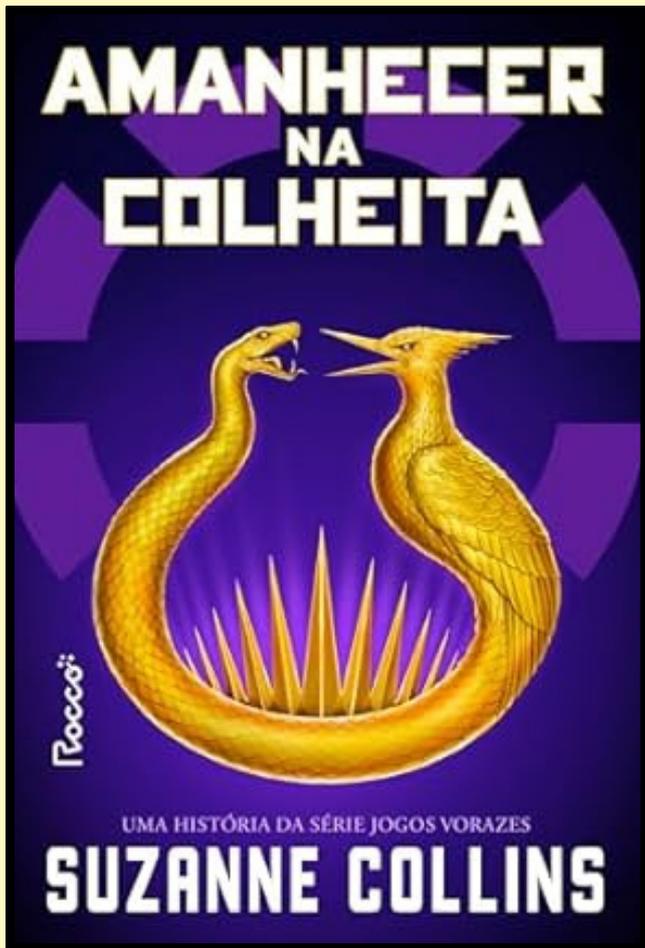

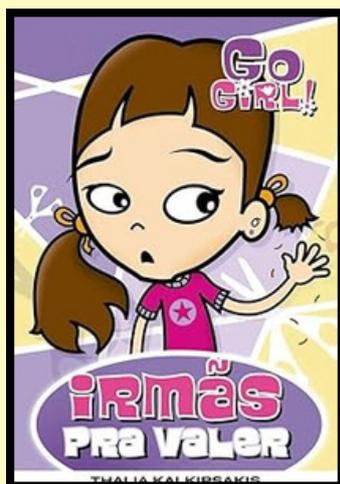

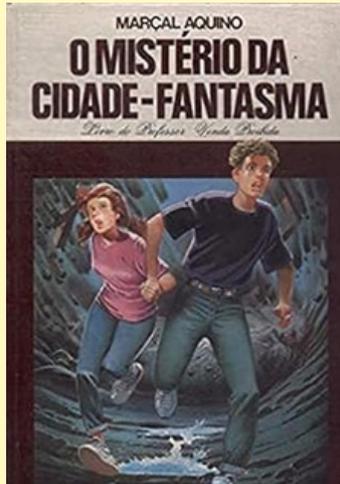

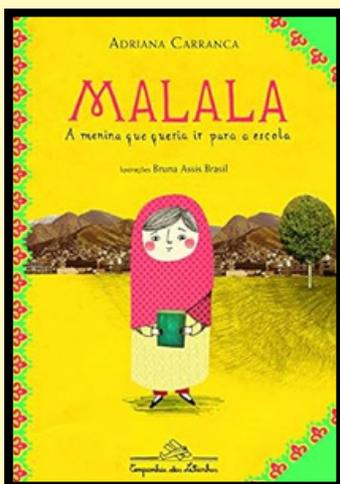

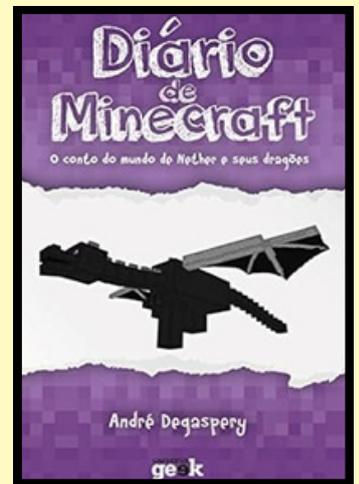

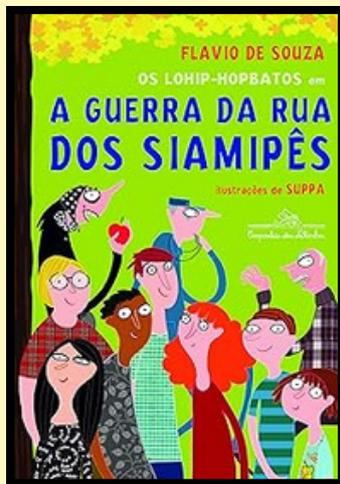

A Biblioteca do Escoteiro Mirim é uma coleção de livros com histórias em quadrinhos e reportagens educativas, voltada para o público infanto-juvenil, estrelada pelos personagens da Disney, especialmente Huguinho, Zezinho e Luisinho. A coleção aborda diversos temas de forma divertida e acessível, incluindo aventuras com os escoteiros, curiosidades sobre a natureza e dicas de sobrevivência.

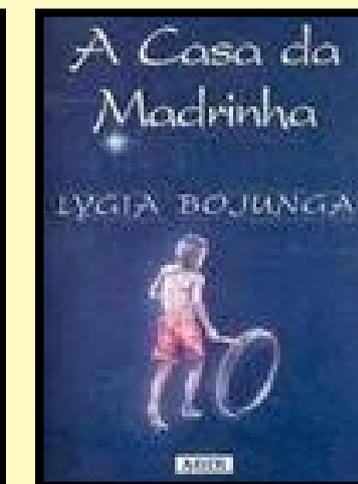

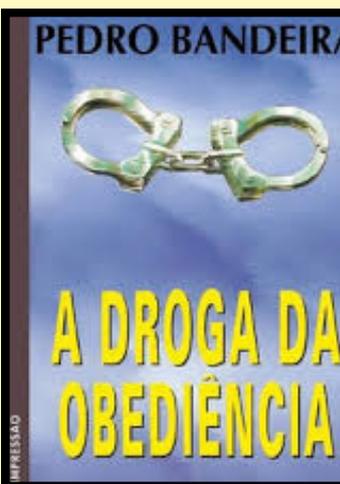

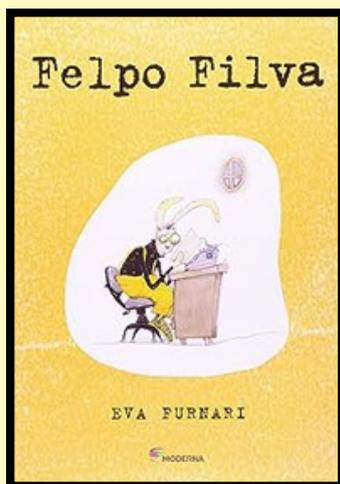

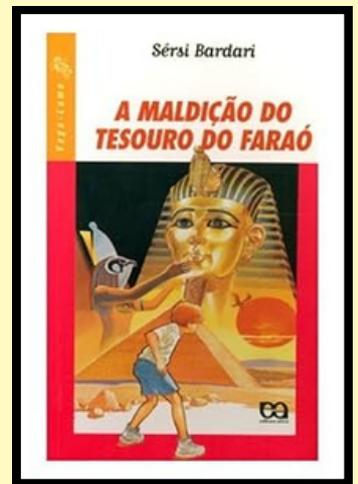

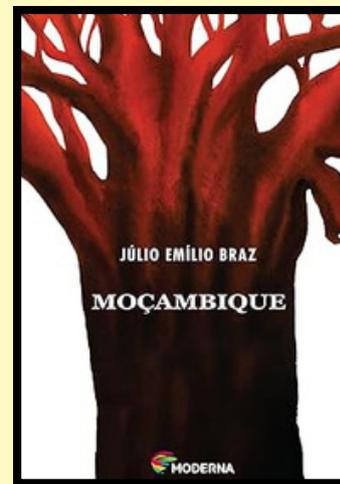

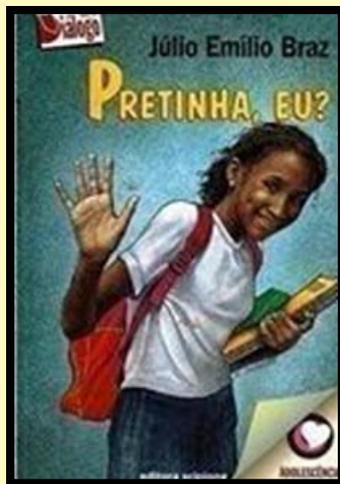

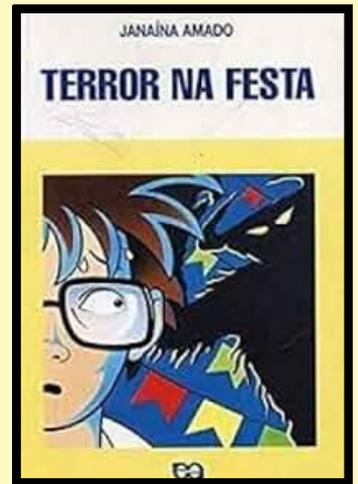

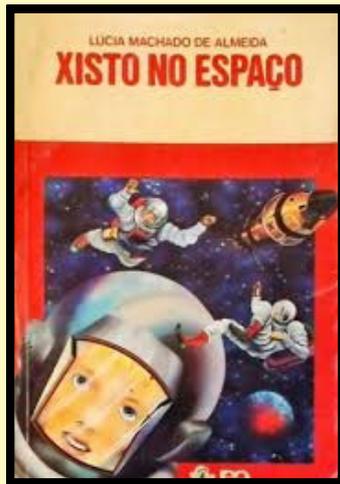

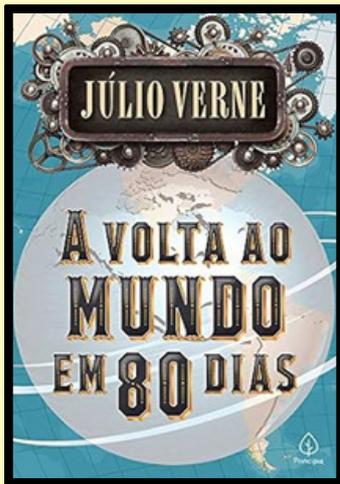

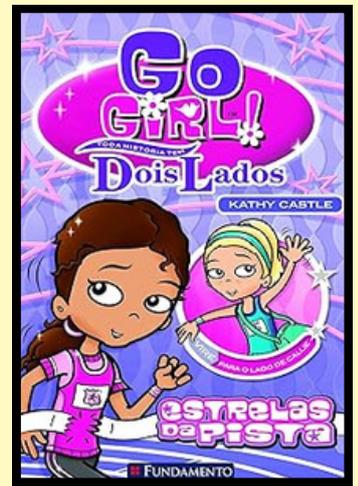

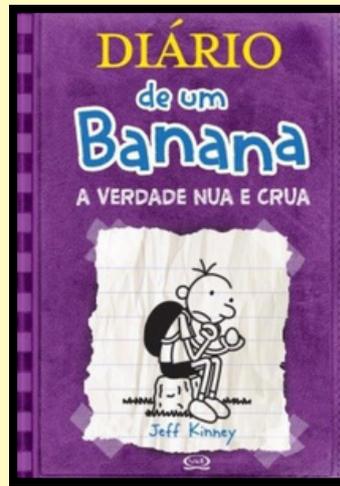

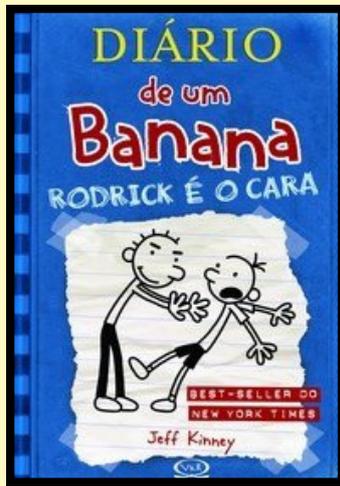

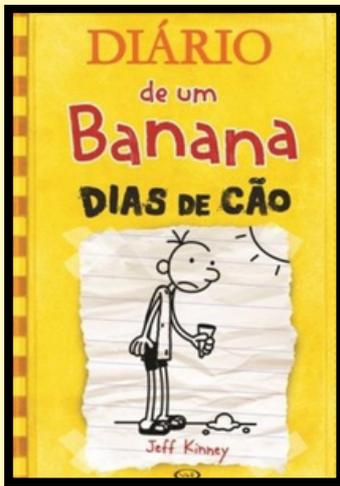

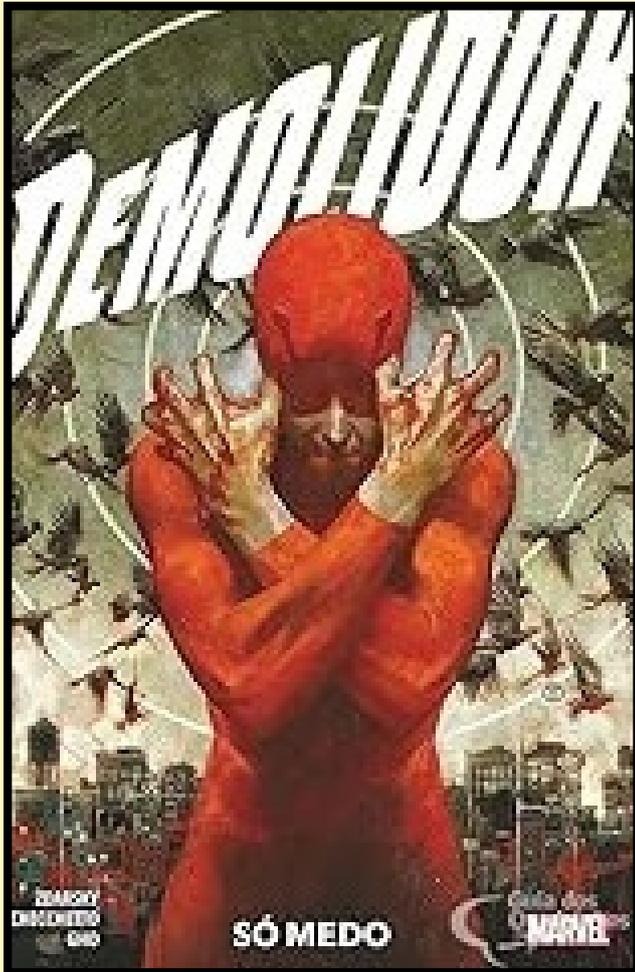

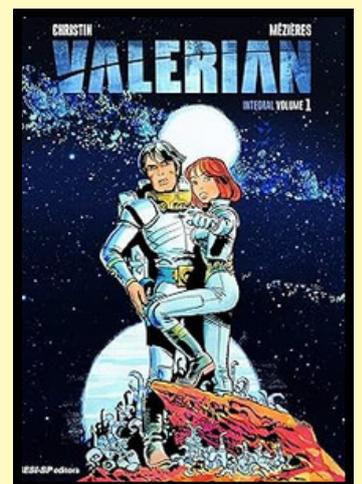

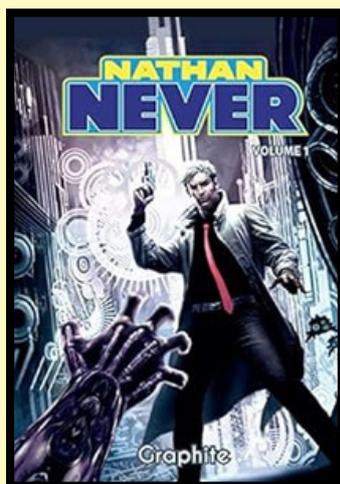

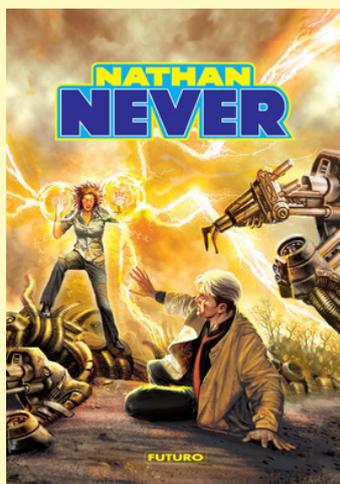

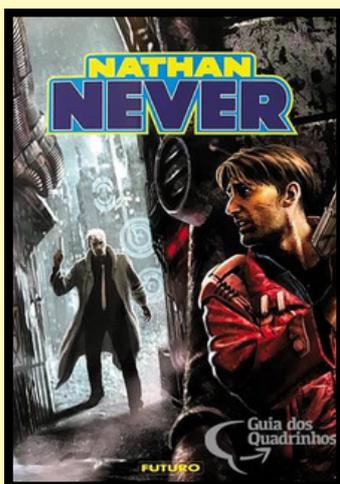

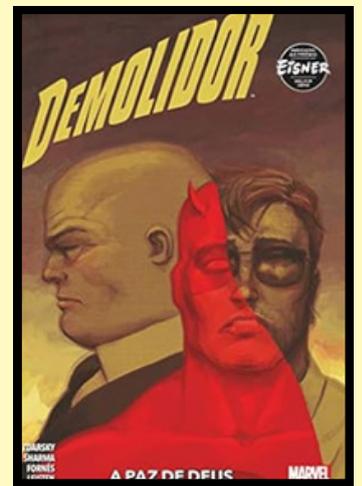

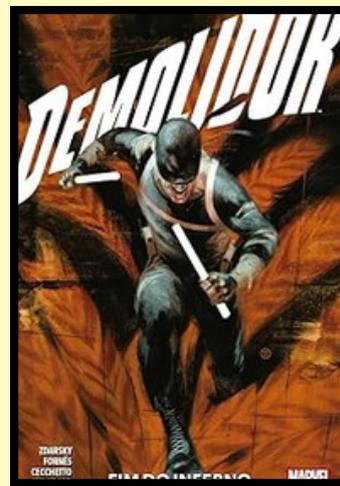

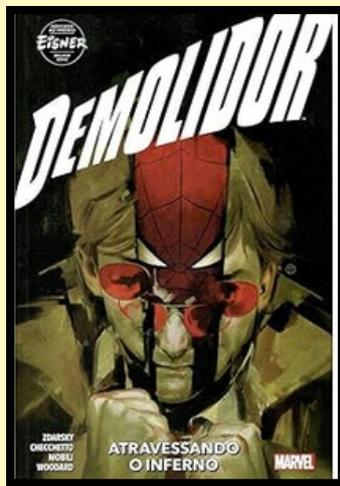

É o quinto livro da saga "Jogos Vorazes", focado em Haymitch Abernathy, que participa do 50º Jogos Vorazes, também conhecido como Massacre Quaternário, uma edição cruel que envia o dobro de tributos para a arena, incluindo quatro do Distrito 12. O livro, ambientado 24 anos antes da trilogia original, acompanha a jornada de Haymitch, que, mesmo contra suas vontades, é arrancado da família e da namorada para enfrentar essa brutal competição, o que o leva a se tornar o mentor que o público conhece.

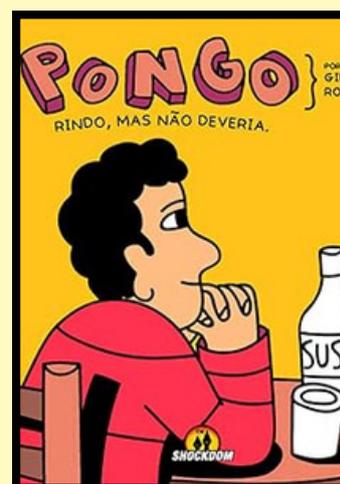

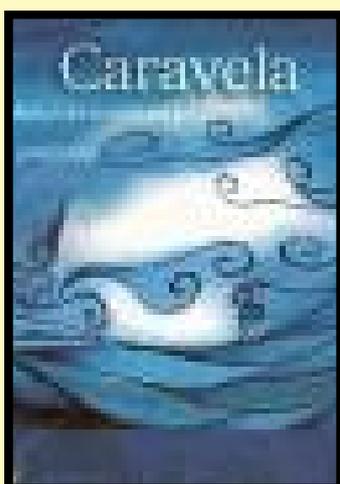

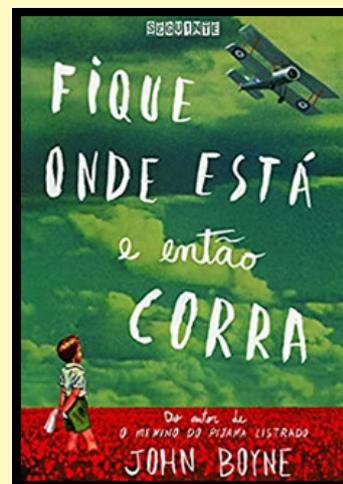

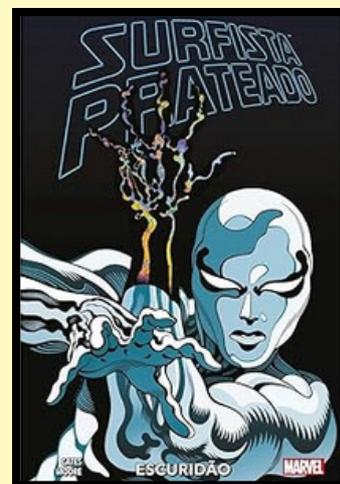

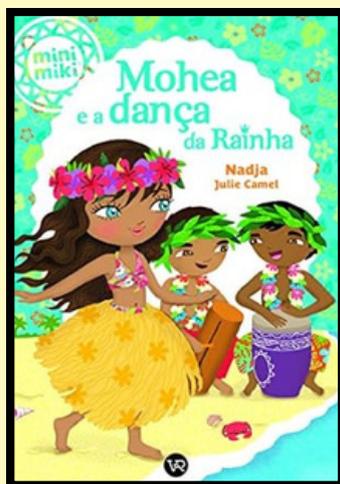

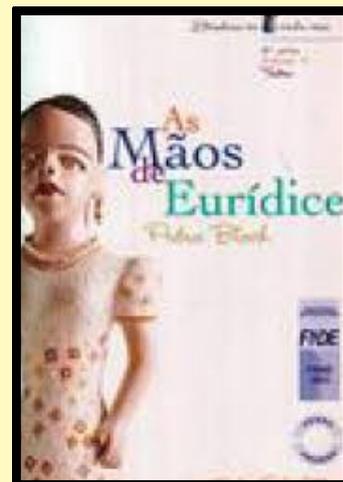

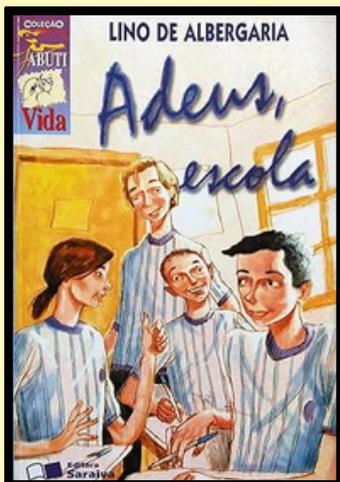

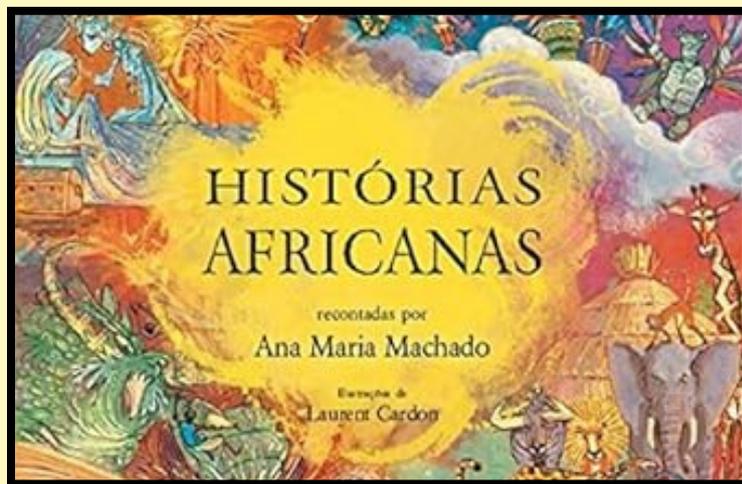

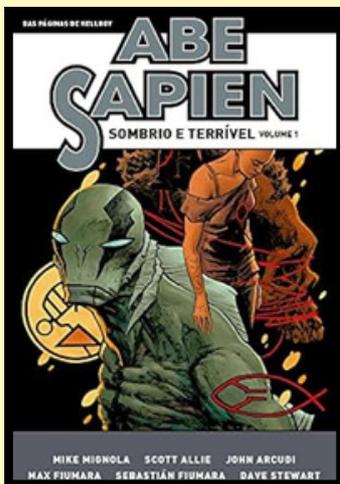

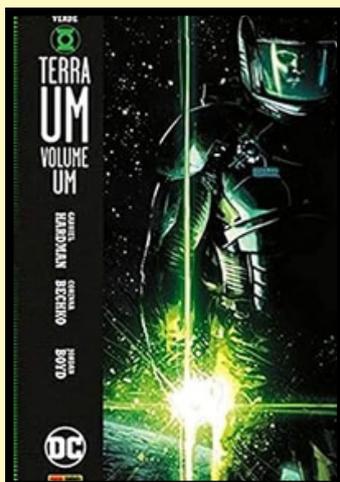

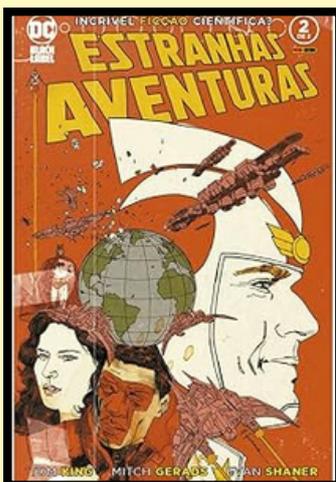

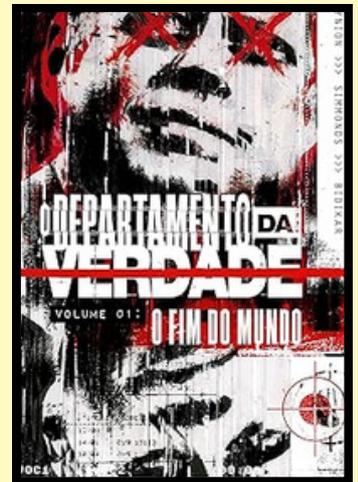

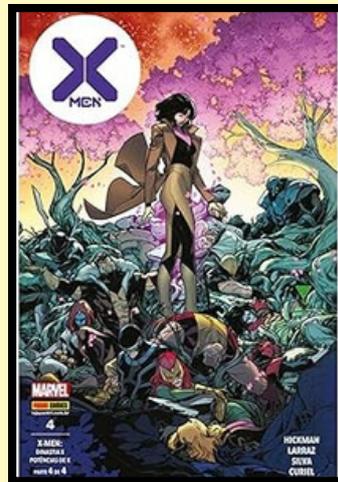

Depois de uma experiência com a morte, Matt Murdock precisa juntar os cacos de sua vida - o que inclui voltar à ação como o Demolidor! Mas uma vida de traumas cobra seu preço, e se tornar o mesmo guardião da Cozinha do Inferno que ele um dia foi não será fácil. Erros serão cometidos no caminho - e, desta vez, um deles pode se provar o derradeiro. Porque quando um criminoso morre e o Demolidor leva a culpa, Matt precisa correr em uma busca desesperada para limpar o próprio nome! Mas nem mesmo ele pode correr para sempre do juízo final. E com o Demolidor fora, os verdadeiros demônios tomam conta.

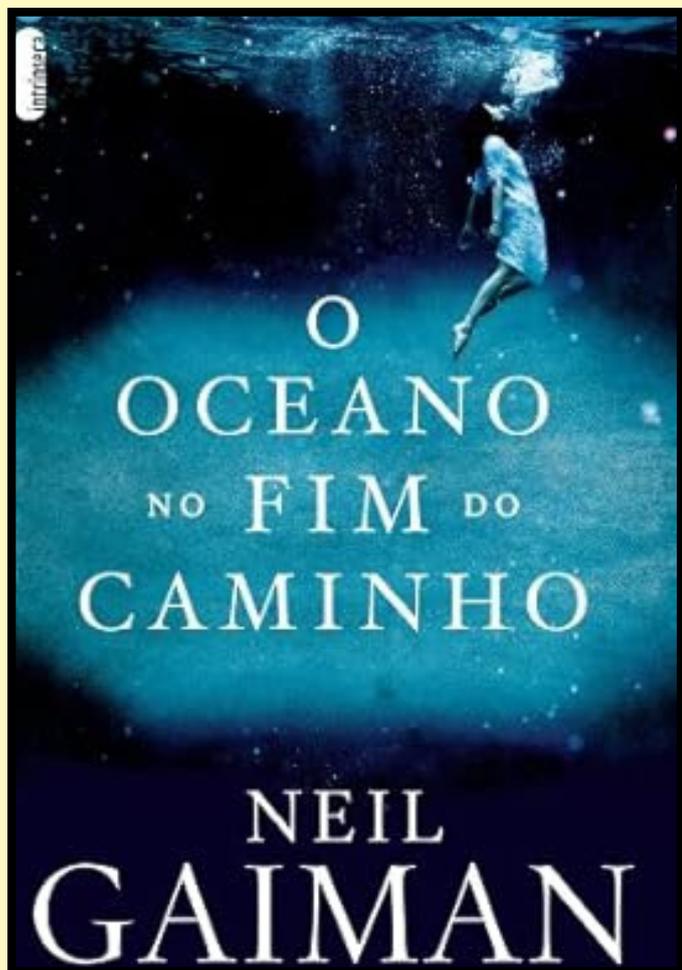

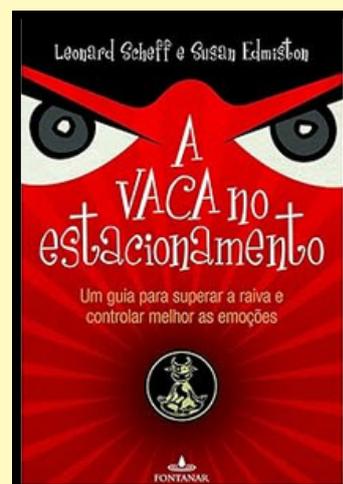

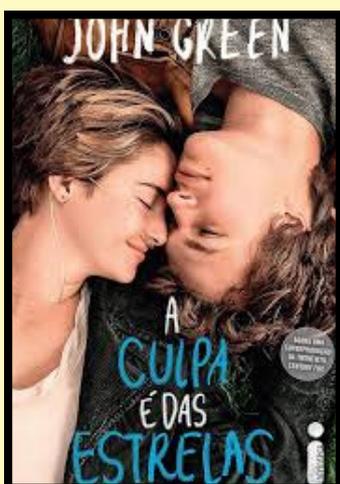

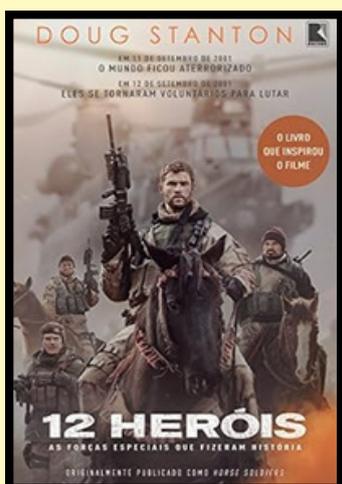

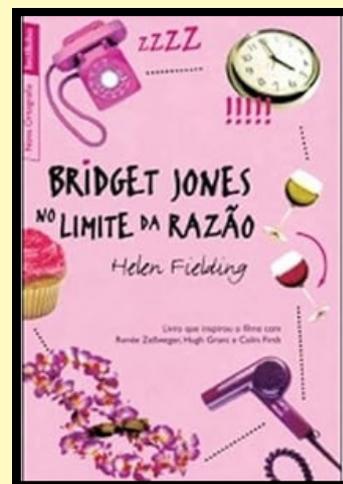

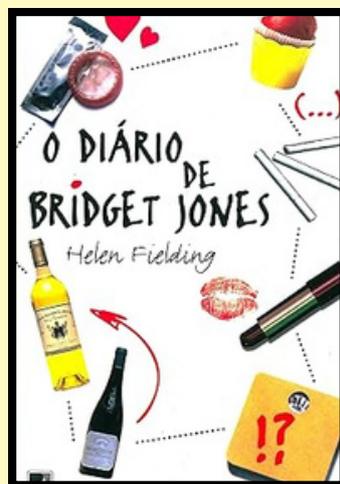

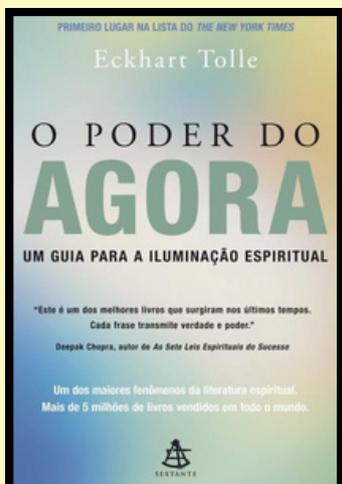

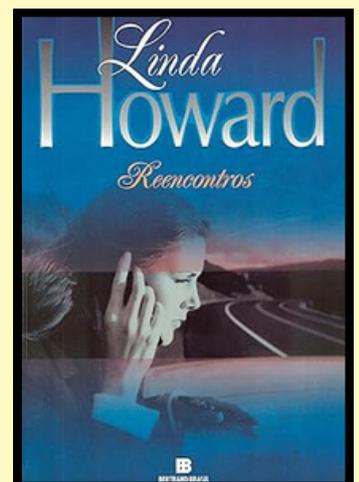

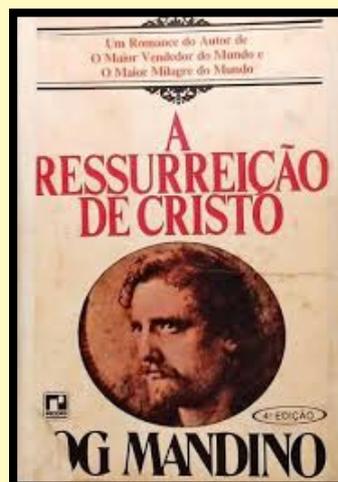

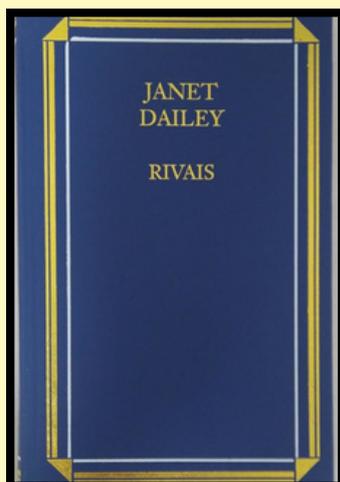

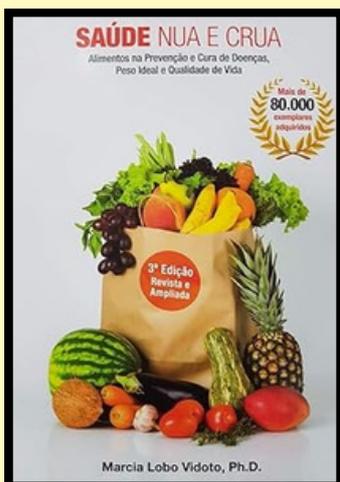

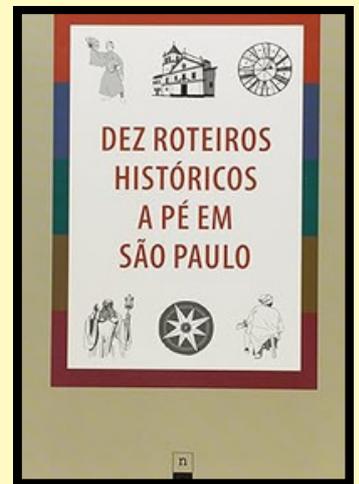

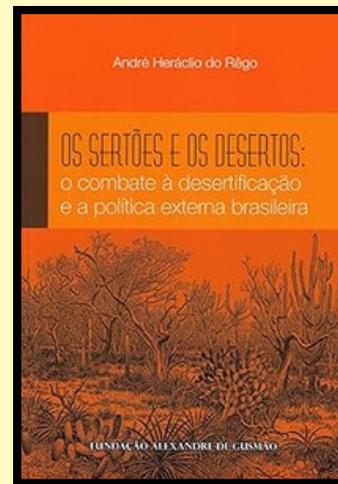

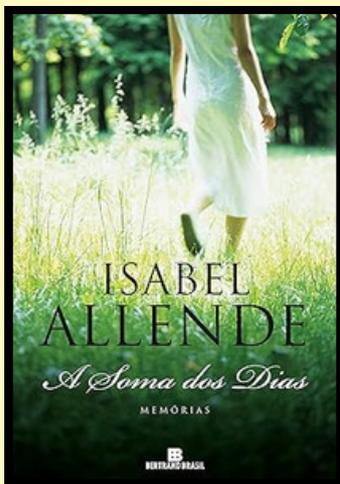

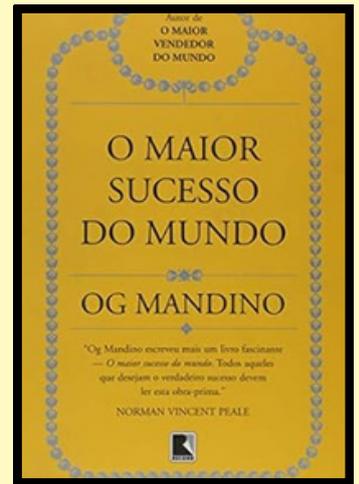

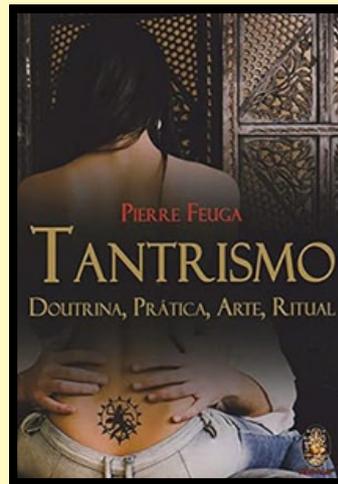

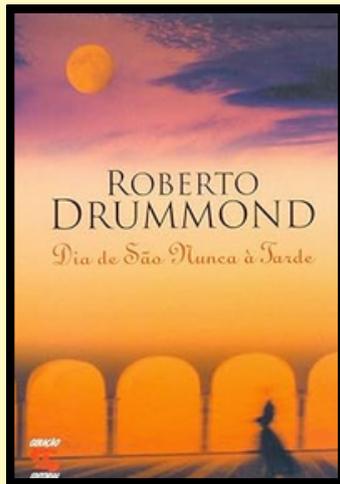

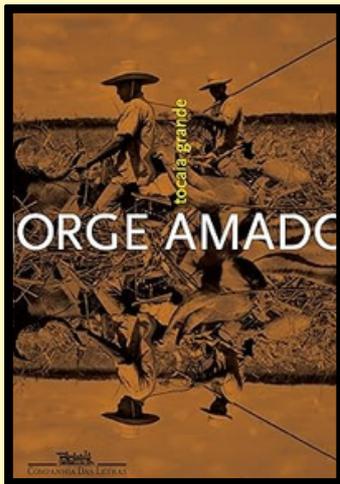

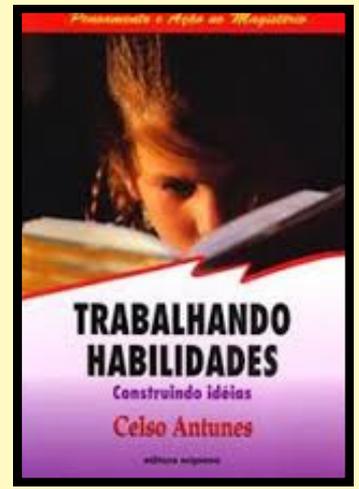

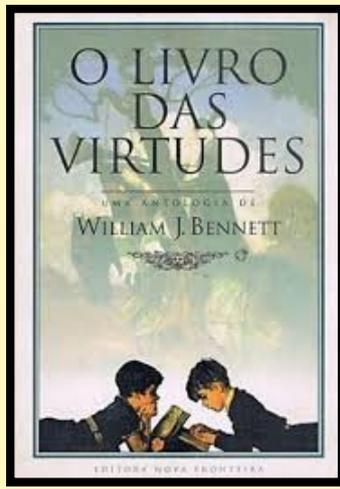

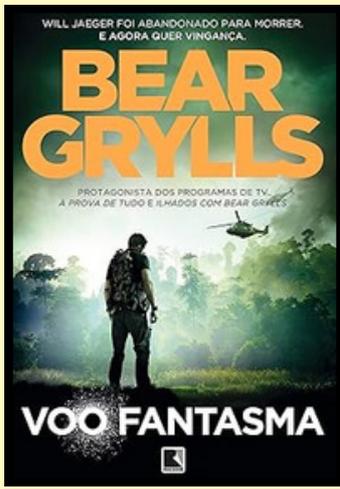

Xavier oferece à raça humana novas e milagrosas drogas que aumentam a expectativa de vida, que curam praticamente todas as enfermidades do corpo e as doenças da mente. Mas ele espera um pagamento adequado por este verdadeiro milagre.

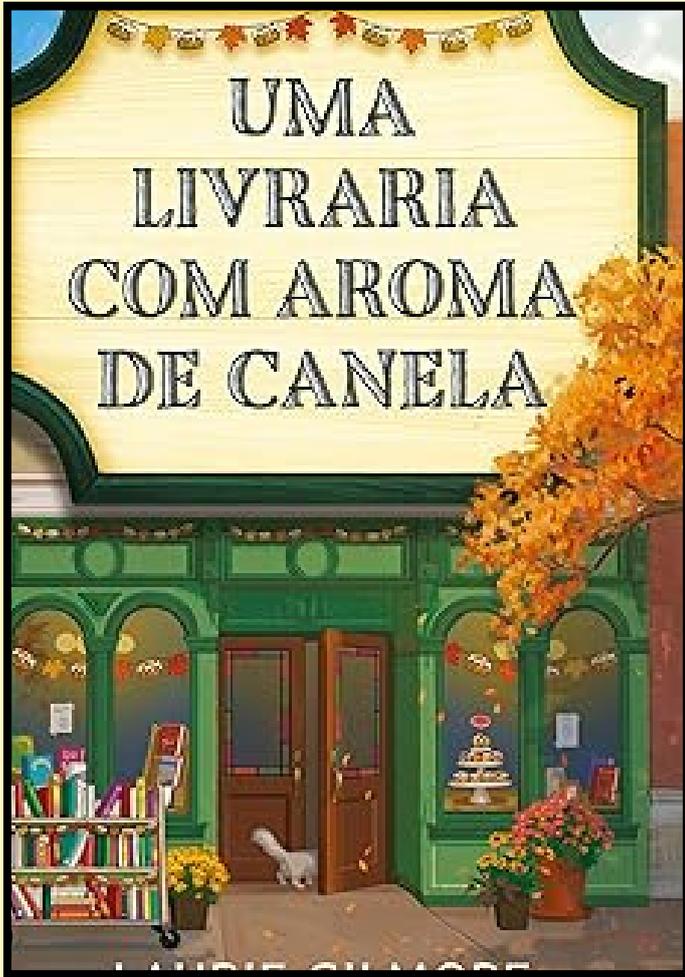

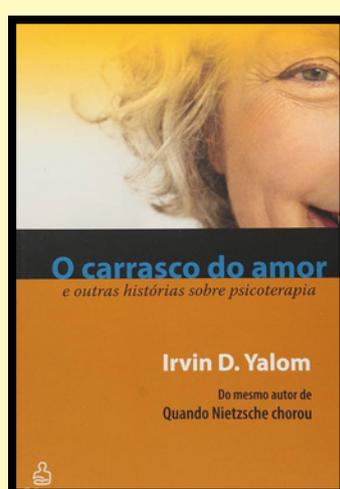

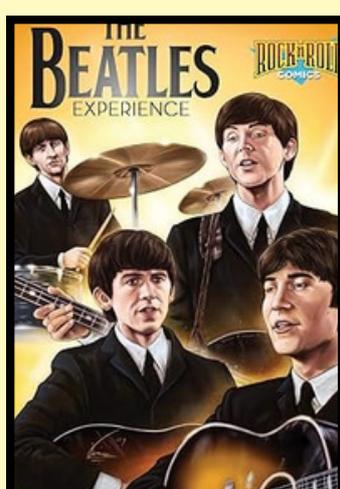

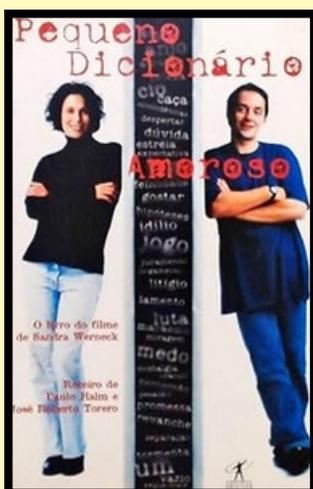

Ao voltar à sua cidade natal para um funeral, um homem revisita a fazenda dos Hempstock e relembra acontecimentos esquecidos de sua infância. Quando tinha sete anos, conheceu Lettie Hempstock, uma menina misteriosa que afirmava que o lago atrás de sua casa era um oceano. Juntos, eles enfrentaram uma força sobrenatural que ameaçava o mundo – uma criatura disfarçada de babá chamada Ursula Monkton. Conforme o passado retorna, o protagonista confronta memórias de magia, sacrifício e perda, mergulhando nos limites entre realidade e fantasia.

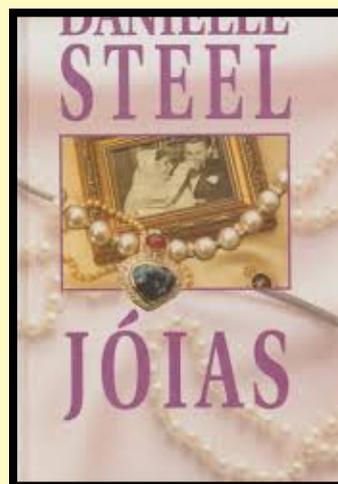

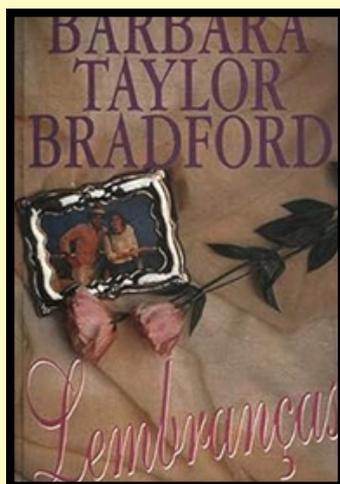

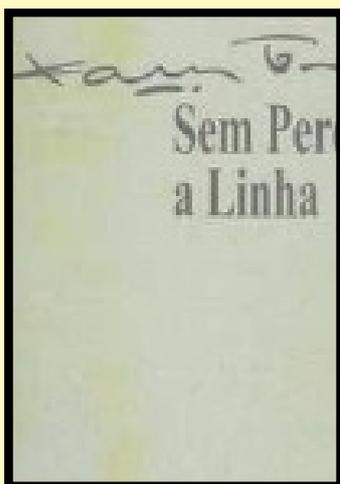

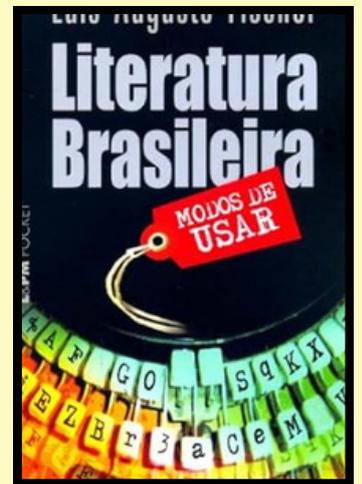

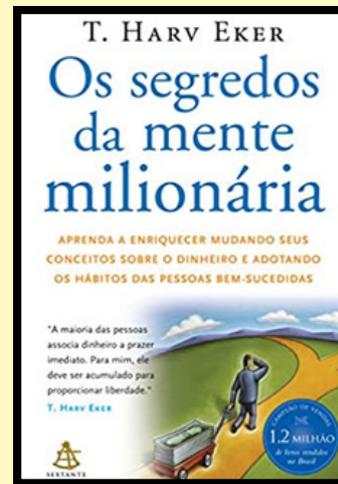

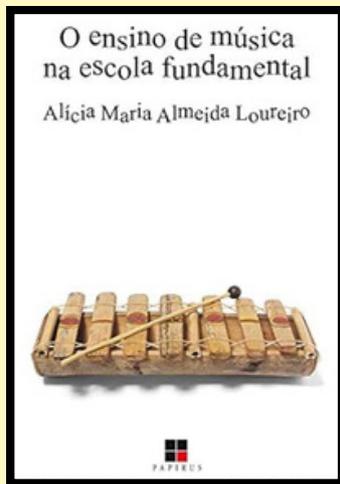

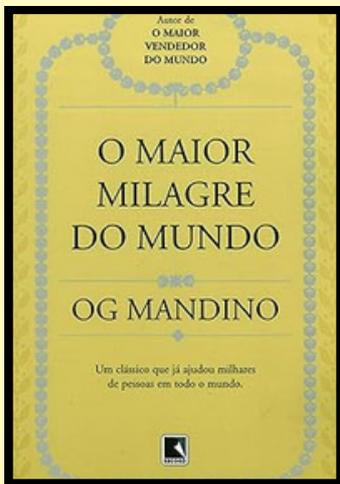

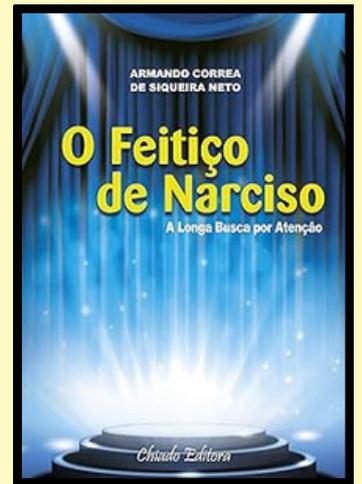

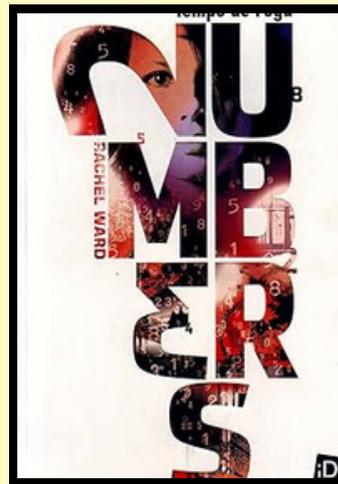

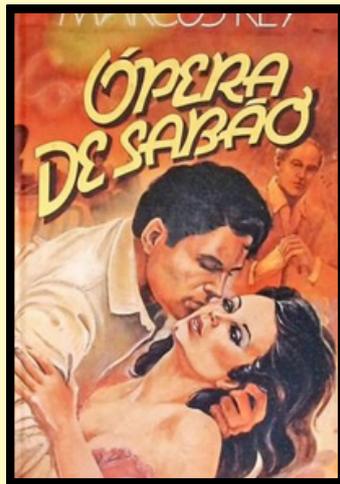

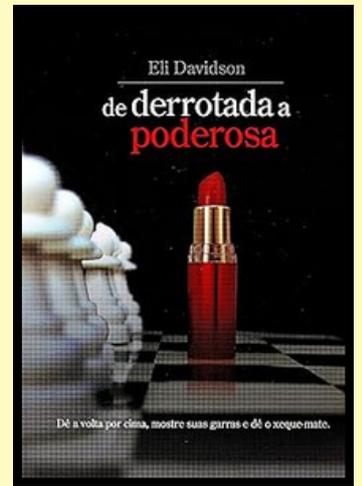

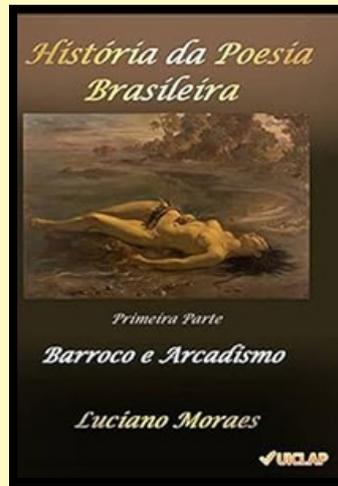

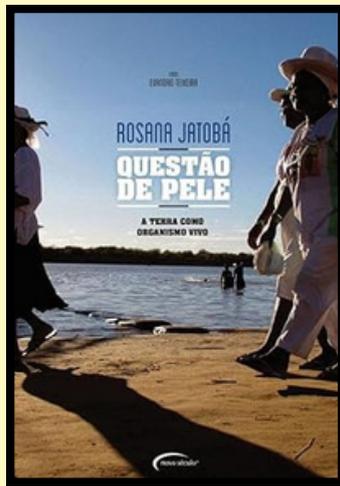

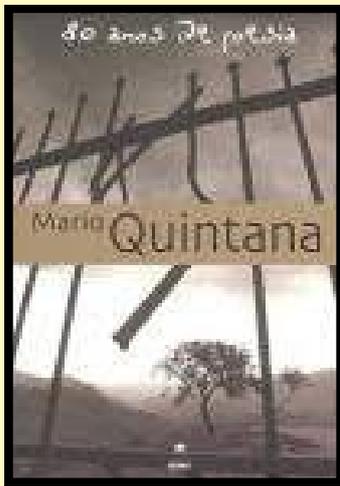

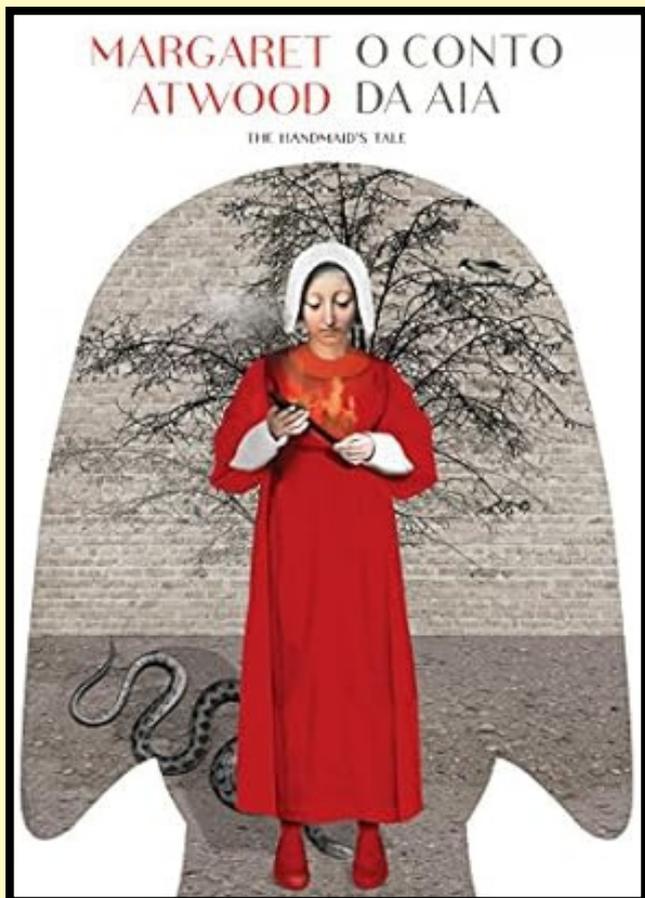

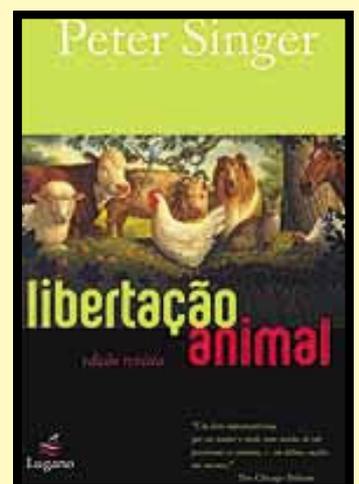

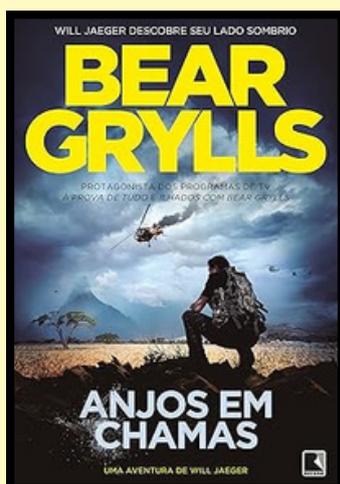

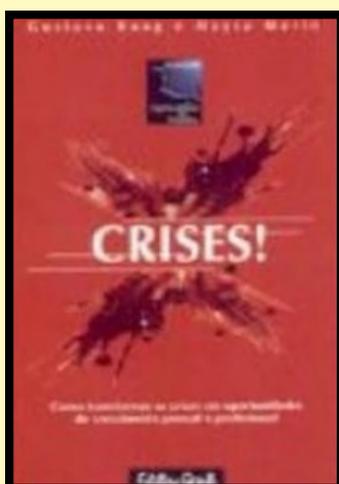

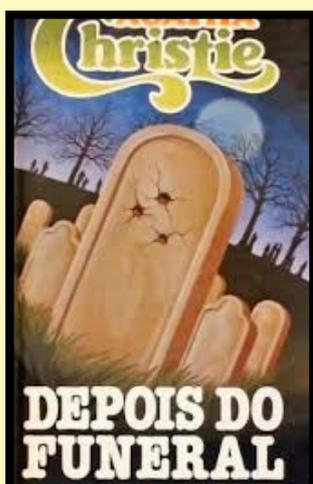

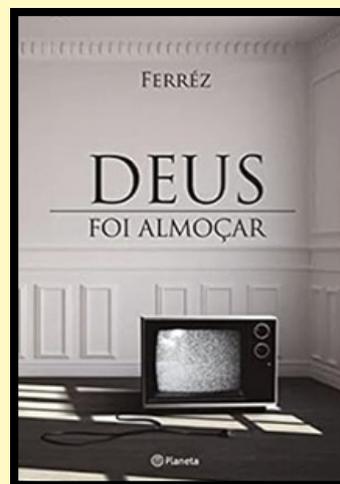

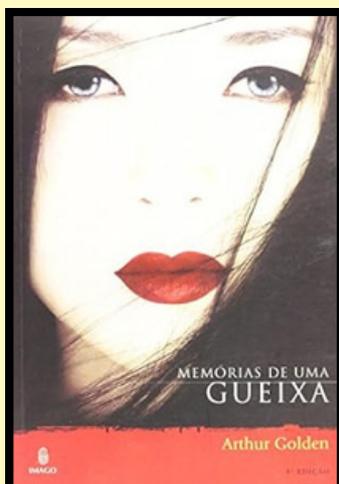

Na charmosa cidade de Ashford, a sonhadora Sarah é dona de uma pequena e aconchegante livraria que exala o aroma de livros antigos e canela. Apaixonada por histórias e pela vida tranquila entre as estantes, ela vê sua rotina mudar quando uma amiga a incentiva a sair da zona de conforto e viver aventuras de verdade – dentro e fora das páginas. Entre amizades, descobertas e um possível romance, Sarah precisa decidir entre a segurança do mundo que criou e os riscos de seguir o coração.

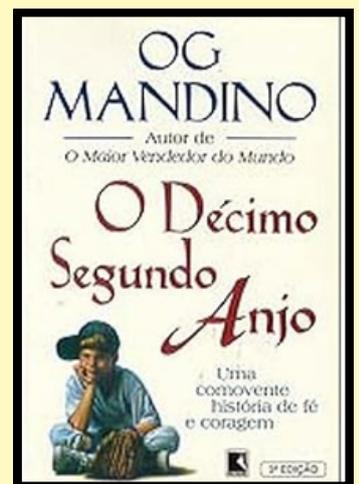

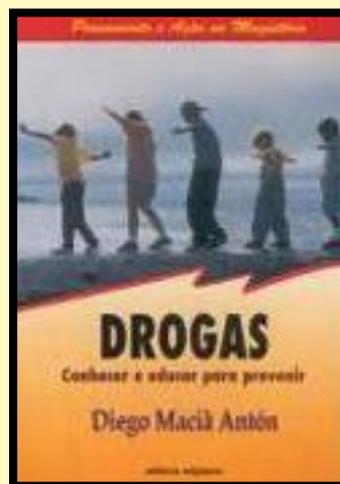

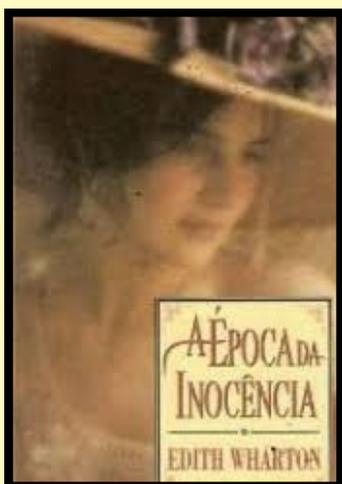

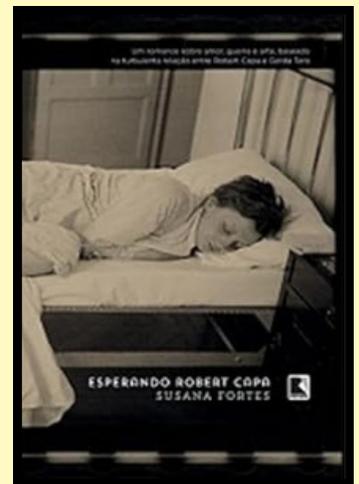

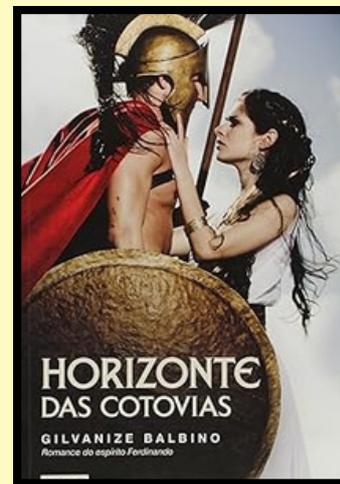

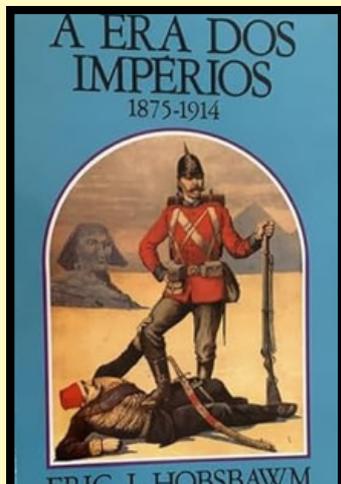

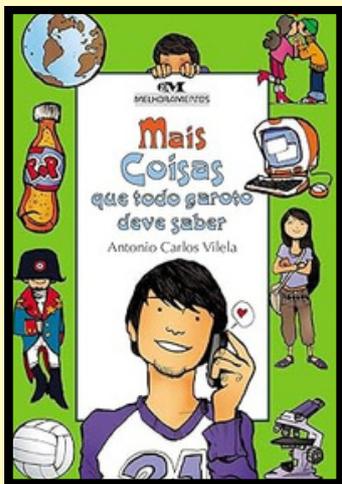

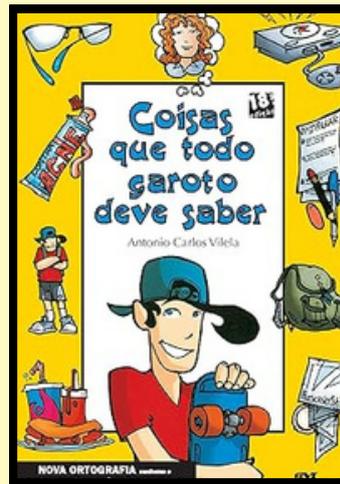

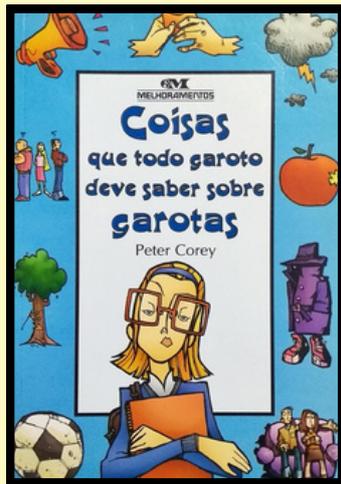

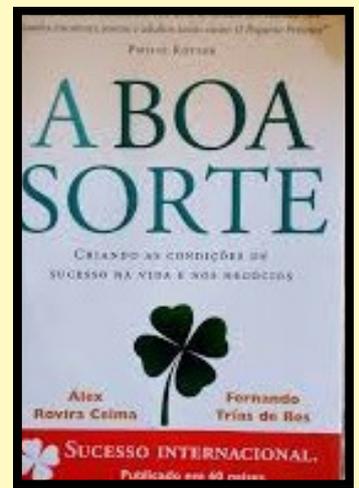

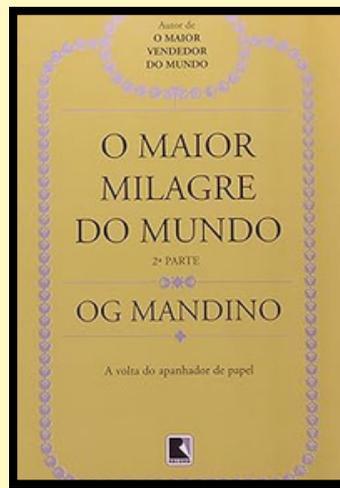

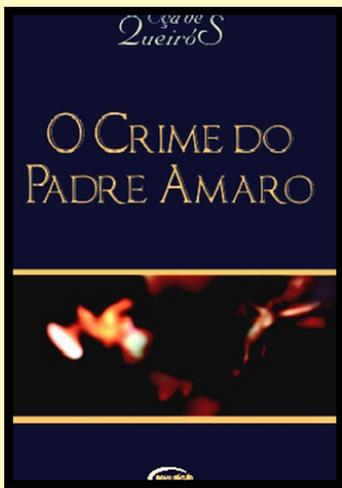

Em um futuro distópico, os Estados Unidos foram substituídos pela República de Gilead, um regime teocrático e autoritário onde as mulheres perderam todos os seus direitos. Nesse novo mundo, Offred, uma "aia", é forçada a servir como reprodutora para a elite governante. Enquanto tenta sobreviver sob vigilância constante, ela mantém viva a esperança, lembrando-se do passado e sonhando com liberdade. A história é um poderoso retrato de resistência, opressão e da luta feminina por autonomia.
